(BY BONNIE BURR.)
By this time tomorrow you will be read-
ing of my capture, for tonight will end
the Bonnie Burr search.

A tremendous crowd failed to penetrate
my simple disguise yesterday noon at
Twelfth and Broadway, so tonight I must
visit Idora Park and remain there, as I
promised, until some clever searcher de-
tects me. Unless participants are more
alert than usual, I am afraid I will have
a long stay at the beautiful amusement

I do not wish to discourage my hosts
of trailers, however. I promise that my
disguise will be a simple one. Also, I
will positively remain at Idora until some
one captures me.

My admonition to you is: Get the salu-
tation right, word for word. Do not
become excited if you think you have
me spotted, for then you'll never get it
right. Don't forget your copy of THE
OAKLAND TRIBUNE. Before you de-
part for the scene, rehearse the challenge
to some member of your family to see if
you can repeat it correctly.

The \$200 in gold will be paid over to
my lucky captor, in full view of the au-
dience at the Orpheum Theater tomorrow
night, where I shall make my farewell ap-
pearance, leaving the stage in my dear
Oldsmobile touring car.

ONE'S OTHER SELF.
Have you ever been persistently haun-
ted by a snatch of song, a couple of tune-
ful lines from a rollicking, lighthearted
or fragmentary line or so from a bit of
a rhymic verse or prose? You are amused
at first, and then provoked.

You wonder where you picked up the
obscure melody, or the philosophical bit
of poetry you strive till your poor head
aches to recall what, innocent so deeply
impressed it upon your mind. And all the

Bonnie Burr's Pursuers on Last Lap of Race Tonight

Since the announcement was made in THE TRIBUNE that the mys-
terious MISS BONNIE BURR would visit IDORA PARK some time TO-
NIGHT between 7:30 and 8:30 o'clock, where she is requested to re-
main promenading until some one apprehends her, the whole of OAK-
LAND is on the qui vive and ready to visit the scene of action. It
is no doubt the biggest night this old city has seen in some time. It
is surely a foregone conclusion that all the gun-shoe men of this city,
old and young, will be out TONIGHT to try and annex the \$200 in
GOLD, the reward offered by THE TRIBUNE.

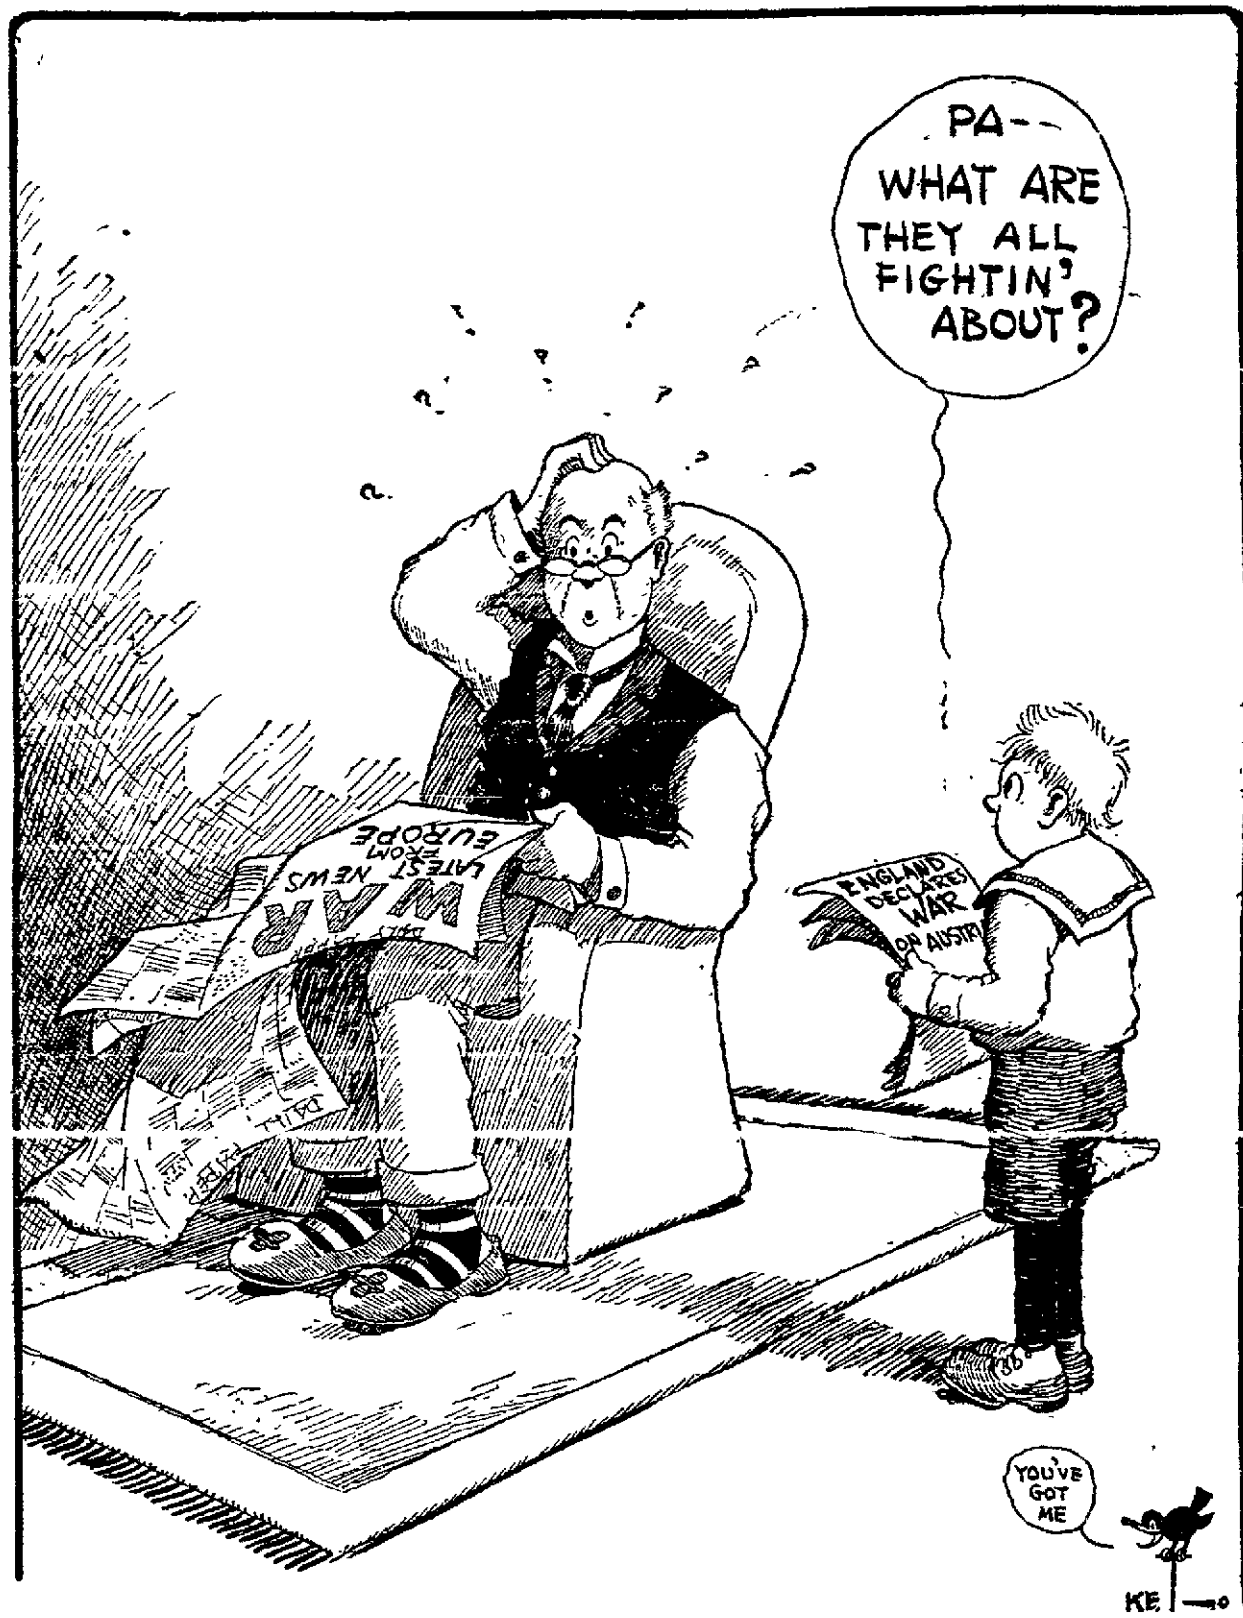

The chase must end TONIGHT at IDORA PARK. MISS BONNIE
BURR will accompany the person who salutes her properly and in con-
formity to the rules of the game. THE TRIBUNE will be on hand with an
informal presentation of the \$200 reward will be made to the captor.
The grand "FINALE" will take place at THE ORPHEUM THEA-
TER TOMORROW NIGHT, where THE TRIBUNE has made arrange-
ments with the management of THE ORPHEUM to present MISS
BURR, her captor and her famous OLDSMOBILE on the "STAGE" be-
tween the acts of the HIGH-CLASS VAUDEVILLE bill, which is one of
the best offerings of the SEASON. MISS BURR will tell of her experi-
ences and incidentally introduce her captor to the audience and will
make the formal presentation of the reward.

Be sure you have a copy of the very latest edition of THE TRIB-
UNE in your pocket when you approach the person who you are
positive is MISS BONNIE BURR. It is absolutely necessary that you
have a copy of the very latest edition of TODAY'S TRIBUNE when you
approach the person who you are positive is MISS BONNIE BURR.

Let the \$200 in GOLD to your BANK ACCOUNT lose their magic and
if spoken to MISS BURR herself will not be recognized.
REMEMBER! You must positively not lay a hand on the woman
you approach and salute. To lay a hand on BONNIE BURR will mean
the loss of your chance.

So let everybody enter into the spirit of TONIGHT, comply with the
rules, avoid any actions that might be objectionable, and see who gets
the \$200.

GREAT BRITAIN DECLARES WAR ON AUSTRIA-HUNGARY

By Associated Press.

PARIS, Aug. 13, 1:20 p. m.—The official declaration of war by
France on Austria-Hungary was made public here today.

LONDON, Aug. 13.—It was officially announced that a state of
war has existed between Great Britain and Austria-Hungary since
midnight.

LONDON, Aug. 13.—The war of the nations of Europe today
became further regularized with the formal declaration of war on
Austria-Hungary by Great Britain. The strength of the British
fleet in the Mediterranean is unknown, as no movements of war-
ships have been made public since the first outbreak of hostilities.
It is known, however, that France has the bulk of her fleet in the
Mediterranean, so that no apprehension exists here as to the
safety of trade routes through that sea now that it seems cer-
tain that the German cruisers Goeben and Breslau are out of action.

The official press bureau here describing today the disposition
of British cruisers in the Atlantic and elsewhere expressly urges
traders of all nations doing business with Great Britain to send
their cargoes confidently and boldly to sea in British or neutral
ships in all directions, except the North Sea, where, owing to
mines and the probability of naval operations, no guarantee can
yet be given, although, as announced yesterday passenger services

GARRISON IN AUSTRIAN GALICIA STORMED BY RUSSIAN CAVALRY

By Associated Press.

ST. PETERSBURG, Aug. 13, via London, 2:45 p. m.—A Russian force
has taken the town of Sokat, Austrian Galicia, by assault, inflicting
heavy casualties on the Austrian garrison, according to a semi-official
announcement.

The Austrian garrison consisted of two infantry battalions a regi-
ment of lancers and a regiment of hussars. After dislodging them the
Russian cavalry pursued the Austrians across the river Buge, and blew
up the bridges and a viaduct.

Several houses in Sokat, which is 45 miles northeast of Lemberg,
were set on fire and burned to the ground by the Russian troops because
civilians had fired on them from the attacking force.

The Russians captured some military building material, pontoons
and telegraph instruments.

2,000 FRENCH SOLDIERS CAPTURED.

BERLIN, Aug. 13, (by direct wireless from Nauen, Germany to the
Goldschmidt Wireless company's station at Tuckerton, N. J.)—The Ger-
man troops took 120 French officers and 1,110 French soldiers prisoners
in the fighting at Muelhausen, Alsace. They also captured four French
cannon. Another 1,000 French officers and men were taken prisoners
by the Germans in the fight near Longwy. German soil is now entirely
cleared of French troops.

FIGHTING LASTS ALL DAY.

BRUSSELS, via London, 11:45 a. m., Aug. 13.—The fighting yester-
day between the Belgian and German armies in the vicinity of Diest
lasted the entire day and constituted the first considerable battle
of the war. It will be known as the battle of Haelen. Shells were still
falling at half past seven in the evening on the roads around Diest.

The battle centered around Haelen, in the Belgian province of
Limbourg, extending to Diest in the north of the province of Brabant,
after passing around Zeelhem.

At 7 o'clock last evening the country between the three towns
mentioned had been cleared of German troops except the dead and
wounded, who were thickly strewn about the fire zone.

Upwards of 200 dead German soldiers were counted in a space of
fifty yards square. A church, a brewery and some houses in Haelen
were set afire, and two bridges over the Demer were destroyed by Bel-

gian engineers. Great quantities of booty were collected on the battlefield
and this had been stacked in front of the town hall of Diest. Many horses also
were captured.

The strength of the German column was about 5,000 men.
An official communique issued today confirms yesterday's success of the
Belgian troops over the Germans at Haelen. It says the German casualties
were very heavy, three-fifths of their troops engaged in the encounter being
killed or wounded, while the Belgian casualties are reported as relatively
small.

According to Le Soir, the German casualties during yesterday's fighting in
the vicinity of Haelen totaled about 2,000, equally divided between killed
and wounded. The Belgian casualties are not precisely known, but are de-
clared to comprise only a few dead and many wounded.

The newspaper Le Soir reports that the Germans, after being repulsed, be-
gan firing again at 5 o'clock this morning, when fresh Belgian troops were
sent to the front in support of their comrades, who had fought through yester-
day.

The German troops in other parts of Belgium are understood to be gather-
ing in all the railroad cars they can find. A passenger train near Ware-
mues was halted by a German cavalry regiment and the passengers left in the
open country, the train with its engineer being taken towards the German
lines.

A Belgian official communication today says that a German force proceed-
ing in the direction of Egezeze, to the north of Namur, was attacked and re-
pulsed this morning by the Belgian troops. The Germans suffered severe
casualties. The Belgians captured a number of machine guns mounted on
motor cars.

Another official communication says:

BELGIANS ON OFFENSIVE.

The Belgian cavalry division this morning took up the offensive against
the Germans, who were defeated in yesterday's battle of Haelen, with the
object, it is believed, of picking up the dead and wounded and collecting the

exclusively from the side of the allied French and Belgian armies. Nothing whatever comes from the German and Austrian side relating to military movements or dispositions, and only occasionally a British item describing the result of past engagements is made public from these quarters. The strict censors exercised over the whole field makes it difficult to estimate the value of the news received.

STRUGGLE AT LIEGE RESUMED.

The struggle for the possession of Liege has recommenced and reports of artillery and cavalry engagements are taken as indicating the possible beginning of a great battle on Belgian soil.

The bulk of the German forces is believed to be concentrated on the frontier between Liege and the Duchy of Luxemburg. This leads to the conclusion that Germany's frontier facing Russia can be only lightly guarded, probably by newly-organized armies composed of reservists called to the colors.

SCHOOLS AND CHURCHES AS HOSPITALS.

LONDON, Aug. 13.—A dispatch to the Exchange Telegraph Company from Basel, Switzerland, says:

"Following a terrible battle at Muelhausen the hospital facilities proved absolutely inadequate to care for the almost incredible number of wounded. Not only are all the hospitals filled, but schools, churches and hotels are occupied to their capacity. Even then it has been found necessary to charter special trains to convey the wounded to Mulheim and St. Ludwig and other towns. The latest estimates place the German losses at from 8000 to 10,000."

BELGIANS ROUT GERMANS.

The Exchange Telegraph's Brussels correspondent, telegraphing Wednesday, says:

"The Belgians have routed the Germans in a fierce encounter between the Belgian left wing and massed German cavalry, infantry and artillery. The Belgians displayed wonderful control under the fierce fire and their victory has aroused the liveliest enthusiasm along the whole line of the allied troops."

ARMY CORPS AROUND METZ.

The Telegraph's military correspondent at Paris declares several German army corps are assembled around Metz and extend in the form of a triangle from Metz to Traves and Luxemburg, while a still stronger force is stretched across Belgian Luxemburg and Namur province.

"The German right flank," says the correspondent, "rests on the Meuse, near Huy. Three army corps with supporting cavalry are established on the left bank. The army threatens to attack Brussels or invade France in the direction of Mons, in the Belgian province of Hainaut."

BATTLE IN LIMBURG.

The admiralty and war office information bureau issues the following:

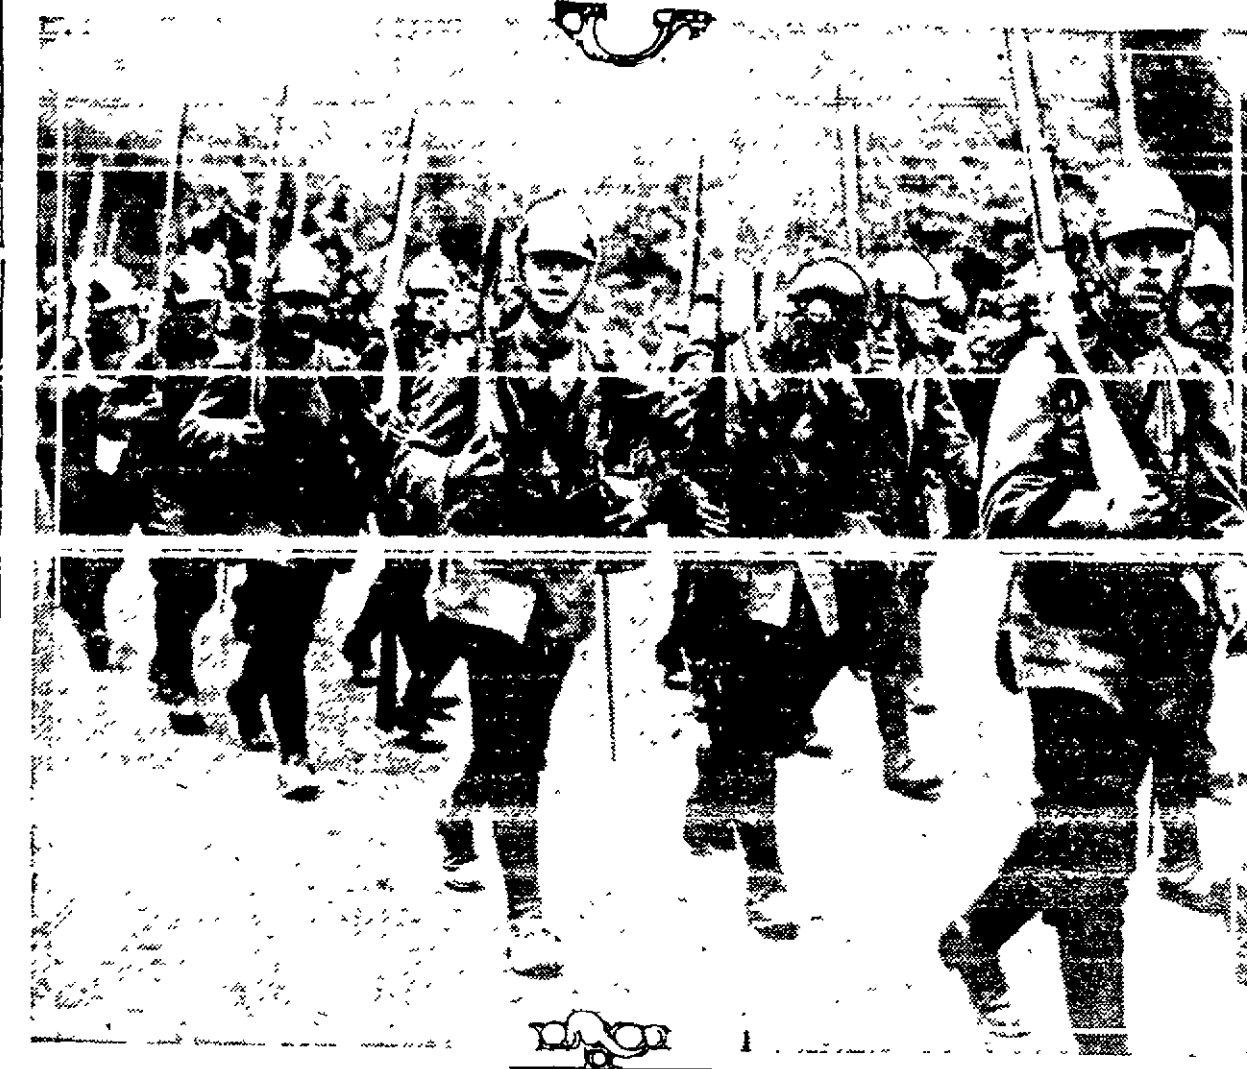

"An engagement is in progress northeast of Hasselt, in the province of Limburg, between a Belgian cavalry division supported by a battalion of infantry and twelve pieces of artillery."

"The German fourth cavalry division is reported moving towards Jodoigne, in the Brabant province of Belgium."

"No German infantry is known to be on the left bank of the Meuse, except the above-mentioned battalion. The Germans are entrenching at Vise. The forts are holding out."

"The Germans are constructing batteries north of Liege, preparatory to a siege. Heavy guns already have been heard. The Germans are constructing a railway between Vise and Homburg, parallel with the frontier of Dutch Limburg. They are entrenching themselves in Liege."

FRENCH INFANTRY ON THE MARCH. FRANCE HAS HURLED THOUSANDS OF THESE TROOPS INTO ALSACE-LORRAINE AND TO OTHER POINTS ON THE FRONTIER.

"Huy, Marche and Houffalize are points held by German cavalry. Columns of German cavalry are moving toward the valley of the Ourthe. The French retreat from Muelhausen was well carried out. The proportion of opposing forces was four Germans to each Frenchman. The German field artillery proved far inferior to that of the French."

APPROACH THROUGH HOLLAND.

The Daily Mail says it learns that on Monday, after the fruitless assault by the Germans on the Liege forts, the German government again approached Belgium through Holland, as intermediary, pointing out that Germany had no quarrel with Belgium and no desire to be at war with her and asked the Belgian government to reconsider its refusal to allow the German army to traverse Belgium in order to save useless expenditure in blood and treasure. The Belgian government, according to the newspapers, made reply, again refusing the German request.

The Daily Mail says it understands Turkey had assured the British government that the German cruisers Goeben and Breslau, which are now in the Dardanelles, will be disarmed, but that there is reason to believe Turkey has purchased and intends to put the two cruisers into commission.

EMPEROR AT FRONT.

A Brussels dispatch to the Daily Chronicle says that the German Emperor is reported on his way to take personal command of the German army in Belgium. A similar report was current Sunday last, but has not been confirmed.

Another dispatch from Brussels says that the food supply there is abundant, the government having bought an enormous supply of grain.

EXPLAIN DECLARATION. LONDON, Aug. 13.—The British Foreign Office later issued the following statement:

"Diplomatic relations between France and Austria-Hungary having been broken off, the French government requested the British government to communicate to the Austria-Hungary Ambassador in London the following declaration:

"Having declared war on Serbia and thus taken the initiative in hostilities, the Austria-Hungary government having placed itself without any provocation from France in a state of war, and after Germany had successfully declared war against Russia and Austria-Hungary, has interfered with the conflict by declaring war on Russia, who already was fighting on the side of the French. According to information worthy of belief Austria-Hungary has sent troops over the German frontier in such a manner as to constitute a direct menace against France. In face of these facts the French government finds itself obliged to declare to the Austria-Hungary government that it will take all measures permitted to it to reply to these acts and menaces."

"On communicating this declaration, it accordingly, to the Austria-Hungary Ambassador in London, the British government has been checked. The German government has declared to its excellency that the rupture with France having been brought about in this way, it feels itself obliged to announce that a state of war exists between Great Britain and Austria-Hungary as from midnight."

250 UHLANS KILLED.

BRUSSELS, via Paris, Aug. 13.—Yesterday at Tirlemont the Belgian Lancers lost 25 killed, including Captain Knappen and Lieutenant Count Von Der Burch, while fighting against 2500 German Uhlans. The latter lost 250 killed. The Lancers were checked by machine guns but the Belgian infantry stopped the Germans.

Belgian and French troops have affected a junction south of Brussels. The German advance in the Belgian provinces of Limburg and Brabant has been checked. The Germans are bringing up heavy artillery against Liege.

FIRST BATTLE IN OPEN COUNTRY. The first battle in open country is reported in the following official communication:

"After having passed the night reached after their retreat of yesterday, the Germans this morning advanced in force toward a point in our position which they thought was not held."

"Our staff, however, was alert and informed by cavalry reconnaissances, was able to give the necessary orders, with the result that the enemy found his advance checked. An engagement took place in which our troops were successful. Ten thousand men took part in the fight."

Wilson Appeals for Funds to Aid War Stricken

WASHINGTON, Aug. 13.—President Wilson, as head of the American Red Cross, appealed today to the American people to contribute money for the relief of sick and wounded soldiers of the warring European nations.

took place in which our troops were successful. Ten thousand men took part in the fight."

"This was the first action of our troops in open country and their conduct is a good augury for the future. Apart from this situation, to all appearance, has undergone no change."

"As regards our allies, the plan arranged beforehand is being followed out exactly according to program."

SCENE OF BATTLE UNKNOWN. Though there is a general idea that a big battle has been the only official news that came to hand late last night gave no indication where the fight was occurring. It still seems here that the enemy is inclined to avoid aggression on a large scale.

London, to the northeast of Brussels. Yesterday for the first time German prisoners were seen here. They were young officers with spiked helmets, covered with brown Holland cloth to render them less conspicuous.

The Belgians fight at a disadvantage, as they are compelled to expose themselves in their ordinary uniforms, some of which especially those of the cavalry are brilliantly colored, while the Germans of all rank wear drab uniforms.

into the grass and browns of the roads and stubblefields.

KEEP SECRET WELL. The Belgian authorities are preserving a strict secrecy of the operations of the military. A member of the chamber of deputies said yesterday that even he and his colleagues were ignorant of such matters as the whereabouts of any headquarters.

King Albert passed through Louvain yesterday afternoon in a well-stained automobile. He was dressed in a general's uniform and almost escaped recognition as he was without escort.

Harrowing stories continued to be told of alleged German brutalities. Liege is said to be the scene of pillaging villages and shooting of villagers without provocation.

LIEGE FORTS HOLDING OUT. PARIS, Aug. 13.—An official communication states that the forts at Liege are still holding out and that the Belgian troops to the west of the city resumed the offensive and after a sharp struggle drove the Germans back and recaptured ground that had been lost.

The Belgians have blown up a number of bridges on the railway lines in the German rear in the Landen district, thus cutting them off from their base of supplies.

An official communication issued at Brussels contradicts the reports that the Germans are strongly re-entrenching their positions in the vicinity of Liege. It adds that the cavalry is undoubtedly falling back, and that only a part of the city of Liege is being fortified by the Germans. The bombardment of forts was resumed yesterday, but they still hold out.

CAPTURE FRENCH OFFICERS. BERLIN, via London, Aug. 13.—The German troops near Muelhausen have captured ten French officers, 600 men, four guns, ten wagons and many rifles.

According to the report German territory has been cleared of the French. It is also stated that at Legarde the German troops took more than a hundred prisoners and one of the two defeated French regiments.

DENIES FRENCH RETIREMENT. LONDON, Aug. 13.—A dispatch from the French foreign minister issued by the French embassy here today reiterates that the French troops behind Muelhausen, Alsace, "have not retired, but have victoriously resisted an entire German army corps."

The minister adds: "The Belgian army and the forts around Liege are intact and are prepared to resist all."

"There has been no important change in the situation and there is no truth in the report that the sixteenth regiment of French infantry was taken prisoner by the Germans at Briey, in the department of Meurthe-et-Moselle."

At the end of a communication the French minister said: "France is gratified by the attitude of America."

RAINBOW CONVOYS SHEARWATER TO PORT; SITUATION IS CLEARED

By Associated Press.

VANCOUVER, B. C., Aug. 13.—The Canadian cruiser Rainbow reached Victoria at 6 a. m. today conveying the British man-of-war Shearwater. The Algerine is expected in later today.

NAVAL SITUATION CLEARED.

SAN FRANCISCO, Aug. 13.—The arrival today at Victoria of the British sloop of war Shearwater in convoy of the cruiser Rainbow clears up the naval situation on this coast.

It is now positive that the floats cast up outside the Golden Gate in the past three days was woodwork jettisoned by the Rainbow when she cleared for action after leaving this port before dawn last Saturday and when she believed herself in danger of going into action with the German cruisers.

There has been no naval action on the Pacific coast and none is likely for the present. The Algerine and Shearwater were not built for battle. They have not the guns or the armor to engage even small protected cruisers like the Germans, which mount nothing better than 4.01 rifles. The Rainbow is about on a par with either one of the Germans, but would not seek battle where the odds were two to one against her.

The Japanese cruiser Izumo is not in the reckoning. Japan is not yet among the belligerent nations.

The French cruiser Montcalm is rumored to be in the Pacific, but she has not yet been sighted.

While the German cruisers Leipzig and Nürnberg prepared for prize seizures, stripped for action and anxious for a naval battle, lay in wait 30 miles off the Golden Gate today, the three British war craft assembled in northern waters, having slipped quietly from "flying wedge" of their waiting rivals.

News of the arrival of the Rainbow and Shearwater at Vancouver, B. C., reached San Francisco today as the city listened for the rumble of guns outside the harbor.

The British cruiser Algerine, which spoke the coaster Beaver off Cape Mendocino Tuesday afternoon, is heading for Vancouver at full speed and due there some time today, according to reports.

The Leipzig was expected to enter the harbor to cod. It was reported Washington had been consulted in the matter.

The warships could remain here only 24 hours, San Francisco being a neutral port.

EAGER FOR FIGHT. "What a terrible world we are living in," a sailor on the Rainbow said after seeing the German ships. "Whether the Germans would come to the point of battle was the matter of conjecture up to the moment of the arrival of the Rainbow."

Officers of the Leipzig do not hear the British ships, they are eager to fight. The cruiser is stripped for action.

The French cruiser Montcalm is expected here at any time. The Leipzig may wait for her. Australian war craft also are on their way.

San Francisco, however, witnesses a terrible naval battle, the conflict may be staged in northern waters.

New mystery was thrown over the tense situation today when Captain John Gronbeck of the Southside life saving station reported the presence of a foreign war craft four miles out to sea at 1 p. m. This was probably one of the German cruisers.

"The vessel seemed to be drifting," said Captain Gronbeck. "We saw her there for more than an hour. Suddenly she steamed west at full speed."

Three United States cruisers anchored in main-china war zone—South Dakota, West Virginia and St. Louis. Orders directing their vessels to protect the neutrality of the port were believed to have been received.

It was expected they would be ordered to sail the three-mile limit.

Efforts by the Rainbow to get into wireless communication with the German ships were believed to have been successful.

The Rainbow was reported by the American-Hawaiian Steamship Company's Nevada which arrived here today.

The Nevada's wireless operator at 8 o'clock Tuesday heard the Rainbow trying to raise the Proteus.

WOULD AVOID INTERCEPTION. The Rainbow made quick calls. The brevity was taken to mean that she was trying to avoid interception of her signals.

The Proteus arrived at Puget Sound August 4 and may sail within a day or two for Liverpool.

The Rainbow may convey her. News of the Shearwater's arrival at Vancouver today put at rest all rumors prevalent in local shipping circles that she might have been sunk in battle.

Many believed that the debris from a British war craft, found on the beach, came from the Shearwater. This warship was conveyed to Vancouver by the Rainbow.

The Leipzig 30 miles from the Shearwater, headed by Proteus.

TROOPS SHOOT MAYOR OF TOWN

INHABITANTS FACE DEATH AT KALISZ

By Associated Press.

LONDON, Aug. 13, 5:30 p. m.—A telegram from Paris to the Central News says the German troops today shot the mayor of Igny, a village between Luneville and Arricourt, on the Franco-German frontier.

RESIDENTS THREATENED.

ST. PETERSBURG, Aug. 13, via London.—According to a semi-official dispatch, the German troops before Kalisz, Russian Poland, have issued a proclamation stating that every tenth inhabitant of Kalisz will be shot in the event of further resistance. A mass was celebrated today at the Russian ministry of finance in memory of M. Nikolof, the city treasurer of Kalisz, said to have been shot by the German troops while at his post. The Grand Duke Constantine Constantinovitch has given the famous marble palace in St. Petersburg as a hospital.

GERMANS AND BELGIANS CONTINUE BIG BATTLE

abandoned material of war. No German surprise was expected and there are no reasons to fear any German cavalry movements on Brussels from the south, all roads leading to the capital being guarded by the Belgian army and the civic guards.

The German troops in Belgian Luxembourg are said to be starving and many of them are reported to have dropped unconscious owing to their privations. In some of the dead officers' pockets raw potatoes were found, while the soldiers are said to have dug up unripe turnips and beets to eat.

KILL FIFTY UHLANS.

A party of French dragoons while reconnoitering came on a strong detachment of Uhlans, whom they attacked and cut to pieces, killing fifty of them.

A party of 600 German prisoners arrived today at Ath, province of Hainaut. Many of the horses belonging to the German Uhlans found dead in Belgium were declared after a postmortem examination to have been starved to death.

When a patrol of German troops first sighted the approach of the German troops yesterday at Liege, the Belgians manned the trenches and a not fire greeted the German soldiers. The German troops were then brought to bear and even the trenches with them. The Belgians were obliged to fall back on the town of Haalen.

Reinforcements were quickly brought up, however, and the Germans in spite of the numerical superiority were repulsed, suffering severely.

FIERCE FIGHTING NEAR FORTRESS.

PARIS, via London, Aug. 13, 6:15 a. m.—An official communication published today says: "A division of Belgian cavalry supported by a brigade of infantry and by artillery engaged and defeated, near the fortress of Diest, a German division of the same strength. The German cavalry, also supported by infantry and artillery. The fighting was extremely fierce, and resulted in the Germans being thrown back toward Hasselt and St. Trond."

POWERS ASKED TO INTERVENE

BRUSSELS, Aug. 13, via Paris, 1:25 p. m.—It is stated here today that the intervention of the neutral powers is to be asked for by the Belgian foreign minister, through their diplomatic representatives in the Belgian capital, in reference to alleged reported violations by the German troops in Belgium of the Geneva and The Hague conventions. M. Davignon, the Belgian foreign minister, has drawn up a long list of cases declared to be fully attested, of the killing of the wounded, the abuse of the white flag, the killing of civilians and the seizure of private and public funds.

STEAMER PURSUED NEAR HONOLULU

Britisher Arrives in Tokio After Exciting Chase by Unknown Vessel.

By Associated Press.

TOKIO, Aug. 13.—Passengers arriving today on the British steamer Nippon Maru, nine hours ahead of the schedule, told of being chased by unknown ships. Soon after leaving Honolulu on August 1, the passengers were suddenly awakened below deck. That evening the ship was plunged in darkness and sped forward under forced draught, and speedily outdistanced two pursuers, apparently war craft. The American embassy has published

Japanese Steamer Ignores Port Rules; Damaged by Shots

SHANGHAI, Aug. 13.—The Japanese steamer Shikoku Maru was seriously damaged today and one of her crew killed by a cannon shot fired from the British fort at Hong Kong while the vessel was entering the harbor. The Shikoku Maru paid no attention to the harbor regulations. Two warning shots were fired over her bows, but she did not stop and a third shell then struck her amidships. A government tug afterward assisted the steamer to her berth.

A denial of reports that Ambassador G. W. Gulliver had acquired what was the Japanese program in connection with the European war, or presented any communication from Washington on the subject. A mass of false dispatches are pouring into Tokyo from many points in the Orient, designed seemingly to create the impression that the United States is intervening in the war situation.

Germans Arrested in Canada as Spies

GANANOQUE, Ont., Aug. 13.—While at the railway office inquiring as to time of departure of trains to Ottawa, four Germans, only one of whom apparently can speak English, were arrested yesterday on suspicion of being spies. They said they were from Clayton, N. Y., and came across the river in a small boat, using paddles made out of pieces of boards.

When arrested they had two modern rifles, two revolvers and one shotgun, besides a quantity of ammunition, and a box of cartridges. In the bottom of the box there was a quantity of fuses. They had a supply of drugs, among which were poisons. They also had cooking utensils and other camp supplies. Private papers they carried indicated they came from Philadelphia. They would give little information regarding themselves.

TO GIVE CONTRABAND NOTICES.

The Oakland Chamber of Commerce has been notified by the Chamber of Commerce of the United States with which they are affiliated, that it will receive notice of all regulations made by waring nations as to contraband goods that will be seized. The Chamber of Commerce of the United States intends to keep in close touch with its members and to give information to prevent American merchants from losing shipments through lack of knowledge.

WAR BULLETINS

By Associated Press.

DOVER, via London, Aug. 13.—Heavy cannonading was heard here early this morning, the reports coming from the northeast. The firing lasted an hour.

PARIS, Aug. 13, 3:50 a. m.—It is declared here that the alleged purchase by Turkey of the German cruisers, Goeben and Breslau, as announced at Constantinople probably will be the subject of a demand for explanations on the part of France and her allies.

COPENHAGEN, Aug. 12, via London, Aug. 13.—Political circles consider that the neutrality of Denmark must be maintained at all costs. Otherwise the economic distress which already is acute will be accentuated. Large quantities of goods are being exported to the combatants. Germany has removed her tariff restrictions, but requires that the shipments be in large quantities.

PARIS, via London, 9:05, Aug. 13.—Ordinary traffic on the greater part of the French railways, with the exception of the eastern lines, will be resumed soon, it is announced. It is asserted in a semi-official statement that French artillery has proven far superior to that of the Germans. The latter's heavy shells show little effectiveness, it is said.

LONDON, Aug. 13.—The Morning Post's Amsterdam correspondent says that James W. Gerard, American Ambassador to Germany, has left Berlin for Amsterdam.

LONDON, Aug. 13.—A dispatch to the Daily Mail from Brussels says that a German spy was caught in close proximity to King Albert, who is at Leuven.

TOKIO, Aug. 13.—Telegraphic communication between Japan and Europe is interrupted.

LONDON, Aug. 13, 4:25 p. m.—Earl Kitchener, British Secretary of State for War, today notified the press that any newspaper publishing news of naval or military movements except that issued by the bureau would be suspended.

LONDON, 1:25 p. m., Aug. 13.—Neither the British foreign office nor the Turkish embassy has received any dispatch confirming the reported purchase by Turkey of the German cruisers, Goeben and Breslau.

WINNIPEG, Aug. 13.—Four infantry regiments of Winnipeg, 2000 strong, were called to mobilize at Quebec by an order received from Ottawa today. They leave Monday night. The local battery will accompany the regiments.

NEW YORK, Aug. 13.—News of the taking of the German tank steamer Leda, a prize probably worth a quarter of a million dollars, by the British cruiser Suffolk and of the arrest of upwards of 100 German reservists in Bermuda as prisoners of war, was confirmed by Captain R. L. Daniels of the Royal Mail steam packet Caribbean, which arrived here today from Bermuda. Similar confirmation was brought by the Bermudian of the Quebec Steamship Company.

NEW YORK, Aug. 13.—The Belgian consulate today made public the following cablegram from the minister of war at Brussels: "The port of Antwerp is open and the estuaries of the River Scheldt are open to commercial navigation. During the day there will be Dutch pilots."

LONDON, Aug. 13.—King George has offered Balmoral Castle as a hospital for wounded soldiers.

PARIS, Aug. 13.—It is announced here that Brazil has demanded an explanation from Germany of the report based on the declaration of the French consul at Stuttgart that German troops had been seen in Brazil and robbed by German soldiers. The Brazilian, who is blind, was formerly president of the state of Sao Paulo.

BRUSSELS, via London, Aug. 13.—It is announced that the 1914 class of reservists will soon be called to the colors. The minister of war states that there has been an engagement in Limburg province in which the Germans were driven back. No news has been received since August 4 of Baron de Favereau, the president of the senate, who left the chamber for his chateau in the south of Liege province on that date.

LONDON, Aug. 13.—A dispatch to the Exchange Telegraph Company says that more than fifty vessels of all nationalities have been stopped at Gibraltar and their sailing prevented.

PARIS, Aug. 13.—A dispatch from Rome declares that the departure of the Austro-Hungarian ambassador to Italy, Kajetan Mery de Kapos-Mere, stated to be for reasons of health, was really due to the impossible situation resulting from the failure of his effort to obtain Italian support for Austria and Germany.

LONDON, Aug. 13, 6:50 p. m.—A dispatch from Paris from Reuters' agency says that during the fight of August 11 and August 12, in Belgium, the French troops forced the Germans to retreat and took many of them prisoners.

PARIS, Aug. 13, 3:50 p. m.—The Dutch government today officially gave the French government renewed assurance of its neutrality in the present conflict and of its firm intention to make it respected. The Dutch army, it was pointed out, was well trained and well equipped and would strongly resist any attempt to enter its territory.

NEW YORK, Aug. 13.—The British ship Francisco, which arrived from Hull has two guns mounted on the deck after. Captain Dunton explained that fifty vessels of the British service are to carry guns. Twenty-five vessels have already been equipped.

NEW YORK, Aug. 13.—In the refrigerators of the American liner New York, when she sails for London tomorrow will be 36,000 dozen eggs, the first American eggs for English markets since the beginning of the European war. These eggs cost 25 cents a dozen. They were ordered by cable for London.

LONDON, Aug. 13.—The action of the British government in guaranteeing the Bank of England against loss from discounting operations, has greatly relieved the market here and a large number of bills were brought today to the Bank of England and discounted at the rate of 1 per cent and occasionally more.

More Wreckage From Man-of-War on Beach

SAN FRANCISCO, Aug. 13.—Flotsam from a man-of-war continues to float ashore near the South End Life Saving station, and Captain John Bronbeck and the members of his crew are convinced that it comes from the strapping for action of one of the British fighting craft that are playing a hide-and-seek game with the German cruisers Leipzig and Nürnberg.

On Monday night, Glock saw floating in the sea about a mile out, what appeared to be woodwork painted white, and apparently from the cabins of a ship. He waited for the sea to cast this flotsam on the shore, but in vain. The fishing steamer Henrietta, belonging to the Faladini Company, picked up a door from the ocean yesterday.

"No Race This Year," Says Thomas Lipton

LONDON, Aug. 1.—"A race for the America's cup is unlikely this year," says Sir Thomas Lipton in an interview in the Standard today. "However, the only way a postponement can be arranged is by an agreement that none of the yachts shall be altered in any way from the time they are taken out of the water until they are required for the actual contest. Such an agreement probably would require lengthy negotiations."

FRENCHMEN WIN A DOUBLE VICTORY

SURPRISE BIG
FORCE OF
GERMANSDragoon Regiment Attacked;
Men Were Dismounted;
Officers Captured.

By Associated Press.

PARIS, Aug. 13, 3:30 p. m.—An official report of the fighting between the French and Germans in the vicinity of Pont-A-

says: "The fighting which started on August 11 was continued on August 12 under thrilling conditions for the French. It may be summed up as follows:

"The first phase was an attack on two French battalions by German forces greatly superior in number. The two French battalions fell back but, being reinforced during the night, assumed the offensive, well supported by artillery.

"This counter attack caused the Germans to retreat precipitately, leaving behind them a large number of killed, wounded and prisoners.

"The Germans abandoned a battery of artillery, three machine guns and several wagon loads of ammunition.

REGIMENT DESTROYED.

"The French troops followed up their advantage and on Wednesday a French battery surprised the 21st Baden Dragoon Regiment while the men were dismounted. In a few minutes the regiment was destroyed.

"The effect of this double success was immediately perceptible. Not only was the forward movement of the German troops stopped, but their columns fell back, closely followed by the French. In the course of this pursuit, the French found on a hill and in neighboring villages many German soldiers who had been wounded in the fight on August 11.

"Nine German officers and one thousand and wounded men fell into the French hands as prisoners.

"The poor quality of the projectiles used by the German heavy artillery was convincingly demonstrated during the bombardment of Pont-A-Mousson. More than 100 shells containing enormous charges of explosives weighing altogether 220 pounds each were fired from a battery of 21 centi-metre mortars at a distance of about 5 and a quarter miles.

"The total result of this avalanche of iron explosives was 4 killed and 12 wounded in the town."

TODAY'S WAR DEVELOPMENTS SUMMARIZED

The first dispatch direct from Berlin uncorroborated by the authorities of the nations at war with Germany was received today by the Associated Press through the medium of the Goldschmidt Wireless Company's station at Tuckerton, N. Y. The message contained the important information that during the fighting at Muelhausen considerably more than 1,000 French officers and soldiers were taken prisoners by the Germans, who also captured four cannons, while in another fight with the French on the border of Lorraine, further to the north, the Germans also took 1,000 prisoners. The dispatch adds that German soil has been cleared of French troops.

Developments in the war zone, which appears chiefly confined to Belgian territory, are made vague owing to the strict censorship over news relating to military movements.

Positions occupied by the main French, Belgian and British forces are not permitted to be disclosed, even approximately, so that their plan of campaign cannot be assumed.

As to the German forces indications from various sources point to the concentration of the main body with its right wing in Belgium and its left wing in the Dutch

The German staff is said to have gathered twenty-six army corps along the eastern frontier, facing Belgium and France. Many of these troops probably are stationed in the great fortresses in Alsace and Lorraine and along the Rhine. One dispatch asserts the defense of Germany's Russian frontier has been left to armies made up of reserves. Although all of these are trained soldiers, it would seem natural to leave as a nucleus for their organization a considerable force from the active army.

The disposition and strength of the French invaders in Alsace, where they are said to hold a long line within the German border, are best rightly known.

On the sea the reported safe arrival in the Dardanelles of the German cruisers Goeben and Breslau has led to rumors of their probable dismantling until the end of the war.

In the North Atlantic—Although Rear Admiral Cradock has declared it "clear" of German cruisers as far south as Trinidad, the French liner Rochambeau, which was to leave yesterday with French reservists, was held in New York by orders from France.

In the North sea, which the British government says may be strewn with mines, the main squadrons of British battleships are said out, but their position is not publicly known.

Neither is the location of the main German fleet.

Reports from Dover, at the eastern entrance to the English channel, say heavy cannonading lasting an hour was heard this morning coming from the direction of the northeast.

The Austro-Hungarian fleet, owing to the declaration of war by Great Britain, together with that of Germany, is said to be in the Adriatic, where it was recently occupied in blockading the Montenegrin coast.

The British squadron in the Mediterranean is strong and the support ships of the British fleet are also strong.

Belgian reports assert that a strong force of German Cavalry, supported by infantry and artillery, after severe fighting around Haguenau, was thrown back toward Lieke by a division of Belgian cavalry with infantry and artillery. The German killed and wounded are said to have numbered three-fifths of the 5,300 men engaged, while those of the Belgians are reported "relatively light."

The French foreign minister denies a German report of the capture by Germans of a French infantry regiment at Dieppe, N. B. France.

Swiss reports assert the Franco-German battle before Muelhausen to have been so severe that the neighborhood hospital accommodations proved absolutely inadequate.

Many Germans in Berlin have placed their homes at the disposal of stranded Americans.

400 AMERICANS
LEAVE GERMANYAmbassador Sends Refugees
to Holland Port on Special Train.

By Associated Press.

WASHINGTON, Aug. 13.—Immediate charter of six vessels to go to Europe for Americans was agreed today by Secretaries McAdoo and Daniels and Assistant Secretary Phillips of the State Department. They will carry eight thousand passengers at as reasonable rates of passage as possible.

Secretary McAdoo made this statement: "It was determined by the relief committee to charter six vessels and put them in condition as quickly as possible and to send them to Europe to transport American citizens to this

country. It was estimated that it would take but three weeks to provision and otherwise equip the ships for this service and to get them to Europe. They will take care of about 8,000 persons.

"The secretary of war will take charge of all arrangements in connection with the outfitting and forwarding of these ships and of getting them back to America. All are American ships. It has been determined what points these vessels will touch in Europe. They will go to places where it will be later deemed the greatest relief possible may be afforded to Americans.

"Under the terms of the appropriation for this purpose the government is to be reimbursed, that is, so far as the passengers may be able. The rates of passage will be made as reasonable as possible."

AMSTERDAM, via London, Aug. 13.—A special train bringing 400 Americans from Berlin arrived here early today. The party, under the direction of the American Ambassador to Germany, J. G. Gerard, continued on the train to Rotterdam, where it will sail for the United States on a steamer of the Holland-American line.

HUNDREDS ARRIVE.

NEW YORK, Aug. 13.—The American liner Philadelphia with the first great crowd of Americans who rushed from Europe when the various nations declared war, arrived in New York last night. There were 703 persons in the cabin and 309 in the steerage. Virtually all of them were without baggage, many of them without money, and all had stories of hardships to tell.

The Philadelphia sailed from Southampton a few hours after England declared war on Germany. The first day out seven French torpedo boats and three submarines were sighted. One of the torpedo boats hurried after the American liner, the rest of the fleet following slowly. Finally the torpedo boat, the B-1, came alongside and ordered the Philadelphia to stop.

The war vessel circled the liner several times, its officers looking closely at the faces of the passengers crowded on the decks. When the French naval officers were sure the Philadelphia really was an American vessel and that the passengers were Americans, they ordered the liner to proceed. The passengers cheered the French ships. The cheer was returned and the tiny war vessels steamed away.

RULES OF SHIP.

The refugees in the steerage were given the freedom of the ship. The men were separated from the women, however, and in some cases husbands were separated from their wives by this regulation. Rather than sleep in the steerage, scores of these passengers slept in the smoking-room, on the boat deck under the boats and life rafts, and in the steerage chairs. Four persons were in every cabin.

The passengers were exceedingly glad to get back to the United States. At quarantine they cheered the mail boat, the health officers' boat and the revenue cutter. They shouted questions over the side about the whereabouts of various vessels on which their friends were supposed to have sailed, but which were requisitioned by the various governments.

As the Philadelphia neared her pier in the North river the crowd waiting on shore shouted a welcome to the liner. Then for a quarter of an hour the river resounded with cheers.

The regulation preventing a ship which arrives at quarantine after sundown from proceeding to her dock until the next morning was waived. The Philadelphia did not reach quarantine until after 9 o'clock.

The port authorities did everything in their power to have the ship and its load of passengers move quickly, and an hour and a half after she arrived in the lower bay the last of her passengers had gone ashore.

GERMANS MAILED.

Hundreds of passengers on board rushed from the interior of France and Germany. Travelers from Paris told of breaking windows and looting. German shops. Others told of Germans caught in the French capital being beaten by gendarmes and the excited citizenry.

The port authorities did everything in their power to have the ship and its load of passengers move quickly, and an hour and a half after she arrived in the lower bay the last of her passengers had gone ashore.

men and women were trying to get on the train, she said. Some of them rode between the coaches rather than be left behind. There was no water on any of the trains. Upon arriving at Calais, Mrs. Blackmore was faint from want of food and water. An American whom she had never seen before obtained food for her.

CROWD MENACES.

Howard L. Willett of Chicago, left Paris on the train with Mrs. Blackmore. He told a similar story and added that the train was stopped several times by soldiers who went through it searching for spies. For German spies. In Paris, before he left, he saw a gendarme seize a German, who, he said, was acting suspiciously and march him toward a police station. A crowd of excited Frenchmen followed in the wake of the pair. A passing German protested and some one in the crowd struck him in the face and the gendarme seized him and took him away. DESPITE OF WAR

LONDON, Aug. 13.—The fashionable season in Switzerland was at its height when war was declared, and as a result more than 10,000 English and American tourists are stranded in that country. The British minister at Bern has issued the following proclamation:

"During mobilization travel through France is impossible and tourists are recommended to remain where they are until it is possible to arrange for transport."

Many tourists are hard pressed for the necessities of life. Some are trying to borrow small amounts on their letters of credit, these being often for large sums.

The British minister has asked the French government to take steps to provide transportation for these visitors. The French government replies that this will be impossible until the mobilization has been completed, when a special train service will be arranged.

BRAZIL SENDS WARSHIPS.

RIO JANEIRO, Aug. 13.—The Brazilian warships have been dispatched to stations at Para, Pernambuco, Bahia and Santos. In order to insure that the neutrality of Brazil will be respected the government has taken steps to prevent merchant vessels from using their wireless installations in Brazilian ports, and will permit them to take only enough coal to complete their voyage. Preparations have been taken to afford foreigners in Brazil all guarantees provided by law.

DO YOU USE MUCH Talcum Powder?

If You Do, Here's a Talcum You Should Try.

"I want another can of your Vergo Violet Talcum Powder," is an expression we hear constantly.

"Another can!"—mark the significance of these words—our patrons are coming back for more, which is the best proof of its quality.

Our clerks say "It's a great repeater," which means that the first trial always brings another sale.

When we decided to make this new Talcum we planned to make it just as fine in quality as a Talcum could be made and consequently compounded it irrespective of cost.

After satisfying ourselves that perfection in quality had been reached we figured that we could sell a good size can for 25c, for the reason that there was but one profit to pay (no manufacturer, no wholesaler and no jobber).

There are cheaper Talcums in our stock and more expensive ones, too (imported), but there is nothing any better—take our word for that.

Vergo Violet Talcum Powder is a success for the very good reason that the ladies of this community recognize its supreme quality.

"My grandmother used to trade at Bowman's when my mother was a little girl," said a young woman to one of our employees the other day.

"And we have been trading here ever since. I would no more think of going anywhere else for my drug store requirements than I would think of changing my family doctor."

We have a great many customers who feel the same way about Bowman's. For instance, just a few days ago a lady said to the writer: "I always trade at Bowman's because I somehow feel safer in doing so. There is something about Bowman's that seems to inspire your confidence."

The facts of the case are that there is everything about Bowman's to inspire a customer's confidence. If every one could see the inner workings of this store and understood how we are constantly fighting for equality and endeavoring to sell the very best of everything they too would feel the same sense of security.

We are continually refusing to accept substitutes, counterfeits, deceptions and adulterations of which the average customer would be none the wiser.

"Genuine Quality" is constantly maintained on every article sold in this establishment.

Something About Citrate of Magnesia

Citrate of Magnesia to be good should be freshly made every day and sold within a few hours after its manufacture.

We sell a great deal of Citrate of Magnesia because we are the most particular to keep it fresh at all times, using only clean, new bottles.

Physicians generally encourage their Citrate of Magnesia at Bowman's, because the quality of our product is generally known among the medical profession.

In so much as it costs no more, get it at Bowman's. It is just as well to do so, and be safe.

Breakdown
Caused
by Coffee

"I am satisfied," says a prominent physician, that coffee is responsible in a great degree for the premature breakdown of our active men and women.

"They suffer from caffeine poisoning."

"Of the truth of this, there is not the shadow of a doubt. Our common sense tells us that the daily swallowing of caffeine (the alkaloid in tea and coffee), powerfully affecting the heart and brain—is followed by nervous depression, and finally by more or less disastrous results."

"I believe if people in general would use a harmless, nutritious drink like Postum as a beverage in place of tea and coffee, their physical and mental condition would be much improved."

Thousands, troubled with nervousness, biliousness, sleeplessness, headache and heart flutter, have done precisely what this physician advises—given up tea and coffee and adopted—

POSTUM

with happy results.

"There's a Reason"

Postum is a pure food-drink, made from wheat and a bit of molasses, containing the nutrition of the grain. No caffeine—no drugs—no harmful ingredient in Postum. A delicious, nourishing beverage.

Postum comes in two forms:

Regular Postum—must be boiled—15c and 25c packages.

Instant Postum—soluble—made in the cup, instantly—30c and 50c tins.

Wherever call both kinds and the cost per cup is about the same.

"There's a Reason" for Postum

UNIVERSAL DEMAND FOR U. S. MERCHANT MARINE.

As yet the demand for provisions of all kinds from the United States has not been as strenuous on the part of the European nations engaged in war as it will be three or four weeks hence. But it requires no enlarged degree of discernment to predict that within the next thirty days the countries that are parties to the strife will be looking for additions to their food supplies, for armies cannot fight when the stomachs of the soldiers are empty, and by that time the stocks on hand will have been exhausted.

This year the crops of the United States are stupendous. It looks as if nature, or infinity, had made provision for feeding those engaged in the great struggle by providing that the land of peace should have a bountiful supply of everything in order to preserve the balance as nearly as possible.

Unfortunately for the American people the merchant marine is almost nothing. Since the civil war, when commerce by water declined to a point close to zero, there has been little effort to recuperate. The Democrats have opposed anything that savored of subsidies, carrying this prejudice to a point even where free tolls for ships engaged in coastwise trade through the Panama canal were vetoed.

Many bills for the reorganization of the merchant marine have been introduced in Congress. The Senate has passed nearly every one of these measures, but they have failed in the House, and candor compels the statement that Republican congressmen from the Middle West have a burden of responsibility to bear in this connection because they have united with the Democrats in opposition, not because they were opposed to subsidies in themselves, but for the reason that they did not care to encourage coast interests by encouraging a merchant marine, but on the contrary assumed a position of independence, saying it made little difference to them who carried the freight, so it was carried.

But now conditions are different. With the tremendous crops on hand, with wheat and corn piling up as they never have before, these same Middle West fellows are realizing that in order to get their produce to a foreign market ships must be had. All the carrying nations—England, Germany and France—are at war, and the shipowners do not care to risk their vessels at sea with cruisers of other countries lying in wait to gobble them up.

As near as can be ascertained, the administration is trying to work out a plan by which foreign built ships, manned by foreign crews may be admitted to American register. This might prove a temporary relief for the farmers of the Middle West, but after the war it would avail the nation at large nothing, and in addition to this we may cite that even these vessels flying the American flag would be taking money from the United States and paying it to foreign owners and to foreign seamen.

If the Democratic party possessed, or was endowed with the wisdom of its progenitors, it would be able to note that right now is the psychological moment, and while possibly admitting foreign ships to register as a sort of makeshift with which to meet an emergency, would abandon its position so long held with respect to merchant marine and by a course of encouragement start its rehabilitation. That the administration will provide such makeshift we have no reason to doubt, but it will be so limited in its abilities that the great good that might have been accomplished had the United States taken care of its own merchant vessels in the past will be lacking.

However, the lesson taught the country at large will not be forgotten and as a result of this predicament we look for an increased Republican vote for Congressmen and the return of the Republicans to power two years hence, following which happy event there will be legislation along the right lines. The country is looking to an increase of prosperity through the sale of its meat, its cereals and other products, but the measure of that prosperity is going to be limited by reason of the lack of American bottoms in which to carry the output across the sea.

Nor is this all. Laying aside the question of war and considering only the fact that the Panama Canal is to open new possibilities of trade, it is manifest that in order for the United States to realize the largest measure of profit by the sale of its goods it must deliver those goods to purchasers in American ships. The Democratic party will never consent to a shipping law in which the principle of subsidy is incorporated and unless we have subsidies we cannot compete with other countries.

Ah, we expected it would happen and it has. The European war has prompted Dunk McPherson of Santa Cruz to burst forth in song. The bard of San Lorenzo, touched by the slaughter across the water, has penned the following gem: "It is not for you and I to reason why, but to do or die." Having knocked the hobbles off Pegasus to that extent, Dunk rattles off the appended: "The words 'keep off the grass' are now changed to read, 'keep off the ocean or to be sick may be your portion.'" Try as he may, the meistersinger of Ben Lomond cannot keep his muse down.

GARRISON FOR AUDITOR: HAS SPLENDID RECORD.

County Auditor E. F. Garrison is a candidate for re-election and is running on his record. He has been indorsed in all sections of Alameda county and his contest at the primaries has been one of the features of the campaign because of the intense support he has received. During the four years he has held this office he has made a splendid record and the general impression among the electors is that his work as an official entitles him to another term.

His duties are manifold and because of their complexity and requirement for accuracy Mr. Garrison did not begin his campaign as soon as other aspirants for office. But since he has found time to enter into the contest he has been busy, speaking four or five evenings each week after devoting eight or ten hours a day to his office work, and the receptions he has received have been the greatest indication of his popularity.

Mr. Garrison's conduct of his office has been indorsed and commended by hundreds of business men of this city and county and citizens in all walks of life who have had business with him. He has always shown the public every consideration. Taxpayers entitled to refunds on personal property unsecured by real estate have always been notified in ample time, and delinquents have been given prompt notice, thus saving them expense and inconvenience. This is not required by law and Mr. Garrison is the only auditor who has ever adopted the policy. Because of this he has made hundreds of friends everywhere in the county.

Among other things he has installed a new system of accounts in the county government, has simplified matters and removed many annoyances. His books are the finest in the State and his work has been commended by members of the Alameda County Tax Association. He is an affable, honest and capable man and because of his many good qualities the supporters of Mr. Garrison contemplate electing him at the primaries and have every reason to believe they will be successful.

CALIFORNIA CROPS IN EXCELLENT CONDITION.

According to a forecast by the Bureau of Crop Estimates of the Department of Agriculture, California is leading the United States when its entire output of field, farm and orchard is concerned, its percentage being 97. The barley crop is especially heavy. The production of the United States is estimated at 203,000,000 bushels, of which California will furnish 44,400,000 bushels. This is above the average production, which for the past five years has been 37,690,000 bushels. Feed barley was quoted yesterday at 95c@97c per hundred weight, with shipping and brewing varieties at \$1@1.02½.

California's wheat crop will be in the neighborhood of 7,500,000 bushels. Local quotations on wheat are from \$1.55 to \$1.60 according to variety.

While California is not a corn growing state, the crop this year will be about 2,300,000 bushels. Oats are expected to yield 8,890,000 bushels, while the hay crop will be 5,080,000 tons. All these are greatly in excess of the five year average.

Potato production is estimated at 10,200,000 bushels of Irish variety and 986,000 sweets. Rice production will be nearly 500,000 bushels. Other crops are in proportion, fruits and vegetables making a fine showing.

With the canal opened, and the first vessel from the bay is now on its way eastward by way of the new highway, this state should reap a harvest of money from the sale of its produce. Prices are bound to rise on every commodity—in fact on meats and other foodstuffs they have already shown strong advances—and with the outlook as it now appears, the producers of the Golden State should have a large balance of trade in their favor at the end of the shipping season.

FOOL IS ANSWERED ACCORDING TO FOLLY.

Last night's issue of the interrogation point contains the following editorial (?) comment:

"We have dwelt upon the fact that the Associated Press was a mediocre news agency, having limited facilities, depending for its prestige upon unwarranted claims of those confined to its service. The offensive claim to 'superior facilities' brought forth by a local, inconsequential sheet we have appropriately denounced."

The foregoing is in line with the conduct of all the departments of the question mark; it does not know what news is when it sees it.

The Associated Press service is taken by more than a thousand papers in the United States and there is not one newspaper of prominence anywhere in America that is not supplied with its news. Those who do not take it are always in the second rate class. For twenty years the Enquirer has been trying to secure it; for twenty years the Enquirer has been turned down and it will continue to be turned down in its efforts, because THE TRIBUNE, the leading newspaper of Oakland, and the best evening paper west of Chicago, without exception, holds the Associated Press franchise. Enough has been said. A fool has been answered according to his folly. The Enquirer will continue to wait for the last edition of THE TRIBUNE to appear on the street in order to get the "latest" news.

PEANUT MISSIONARY CHINESE BENEFACCTOR.

Twenty years ago an American missionary of Shantung province, China, spent his vacation in California. When he went back to his station he took with him a quart of peanuts from this State, which he gave to a native convert to replace the shriveled product of the district. Now the export trade of Shantung province in peanuts is 150,000 tons annually and increasing. The United States markets are taking increasingly large quantities of Shantung peanuts yearly for the manufacture of peanut butter and peanut oil to be used in high-grade butterine. The nuts sell shelled at \$2.30 to \$3 per hundred pounds at Tsinitan. In addition to the nuts 20,000 tons of peanut oil are shipped annually according to consular reports. The farmer gets one cent a pound for his product at harvest time.

Three tons per acre is a good yield, but the average is about two tons. There are 600 persons to the square mile in Shantung, so farms are necessarily small. But the industry has helped the Chinese of the province immensely by providing them with a new source of revenue.

The increase in the business is wonderful. From one quart of peanuts to 150,000 tons a year in twenty years is something to wonder at, and no doubt the missionary who took the first quart over there, if he is yet living—reports do not say—will marvel with the rest of us at the wonderful success he achieved when he took the first seed across the ocean.

Twenty Years Ago Today

At a special meeting of the Board of Education the question of the fitness of the school water for consumption was brought up and discussed at length. It was decided to change the water in the Lafayette and high schools. The Oakland water is used in these schools.

The old fight against the construction of the Alameda, Oakland & Piedmont and Highland Park and Fruitvale electric roads in Eleventh street, was resumed by the granting of an injunction by Judge Ogden restraining both companies from constructing their roads in front of the property of Mrs. O. H. Burnham. The injunction was granted on the filing of a bond, the sureties being O. H. Burnham, John Crellin and James W. Shanklin.

POINTED PARAGRAPHS

Some bachelors are such because they know too much about love. When a large man says "I'm" there isn't much a small man can do. Some men have no other profession beyond seeking for vindications. If you aren't a fault-finder you have no right to be a fault-finder. People who are misled by newspaper articles usually want to be misled. In some restaurants most of the menu can be read on the tablecloth. As far as the skirts are concerned, nearly every hamlet is a seaport now. Sometimes econom' goes too far, and takes the form of bread pudding. It wasn't so warm last night. What you felt was a psychological depression. Most town men would like to farm if it were not for doing the farm work.

A FISH STORY

The fish cultural stations of Uncle Sam's Bureau of Fisheries propagated and distributed 4,000,000,000 of fish in the year ending June 30. If it is a billion were migratory food fishes of the Atlantic Coast streams, a billion the commercial fishes of the Great Lakes, two and a quarter billion the food fishes of the North Atlantic Coast and the others salmon of the Pacific seaboard and fishes of the smaller interior waters. Ninety-eight per cent were commercial food fishes hatched from eggs, which would have been lost but for the hatcheries. Staggering totals these, but meaning more than mere figures to the people staggering under the increasing cost of living. The advice of Chairman Laver of the House Committee on Agriculture is worthy of thought in this connection. "Eat fish" is his proffered solution. People might as well begin now, he says, to learn that they must eat fish, poultry, fruit and vegetables instead of depending so much upon beef. If his advice is followed, whether from reasoning or necessity, the ultimate consumer will have reason to be thankful for the activities of the Bureau of Fisheries for the plenitude of fishing. It has faithfully kept track of the run of fish in all the waters, has replenished and stocked the lakes, streams and waters, leading to the fingerling and yearling stages many millions formerly distributed as fry and conserving and increasing this reserve food against the soaring of meat prices to prohibitive pinnacles.—Pittsburg Dispatch.

ring mockingly through your head, defying your powers of recollection.

The guilty offender is one's subconscious self, that refractory mediator which takes occasional mental notes to entertain or harass the active consciousness.

Some eminent scientists and alienists believe that most people have dual personalities.

At any rate, there is plenty of proof for an existing subconsciousness. It has its seat in the lower brain and troubles the sleeping hours with its vivid impressions. We call them dreams. It is curious, too, what will impress the subconscious mind. A bright, witty saying, a bit of lively music will be stored away in the quietest memory.

"Phone Oakland 51 and 33." That was the bit of data that haunted my mind for a couple of days. So persistently did the admonitory phrase obtrude itself upon me that it seemed to actually bother my conscience. I could find no record of the number in my note book or among my mail, and finally in sheer desperation and curiosity I called up both numbers.

Oakland 51 offered me a taxi from the Acme Auto and Taxicab Company in a few minutes. Oakland 33 offered to speed a taxi to me from the Oakland Taxicab Co. in a great rush—and there you are. I don't know yet how these numbers became photographed on my mind, though I am glad they did, for they offered incalculable service.

FRIENDS IN NEED.

When vigilant searchers in motor cars have camped on the trail of my big Oldsmobile, I phoned Oakland 51 or 33 and fooled 'em all. The two companies are really one under the same splendid management.

Oakland is to be congratulated on having such excellent taxicab and automobile service as that offered by the Acme and Oakland Taxicab Co. There are not shabby, ramshackle, old vehicles in charge of bandits, but handsome motor cars, comfortably equipped and driven by courteous, well-trained chauffeurs. The company's chauffeurs must come well recommended as to honesty and personal character as well as skill in handling cars.

The company which organized in 1906 is now operating \$100,000 worth of fine automobiles on Oakland streets. Some of the finest of motor cars are in the fleet for your selection, including Oldsmobiles and S. G. V. and Packard taxicabs and limousines.

One can secure a big six-cylinder Locomobile at \$3 an hour, or a 5-passenger car for half a dollar less. A limousine or a landulet can also be secured at the latter price.

The Acme and Oakland Taxicab Co. have just ordered some beautiful cars, \$15,000 worth, for the winter service. They will have Parisian types of bodies and luxurious fittings. Cars costing \$4500 will be operated at the usual rates—the same rates that other companies are charging the public for riding in cars costing only from \$200 to \$1200.

The welfare of patrons is always considered first by the big company. All their taxicabs are equipped with doors that open on both sides and with other precautionary safety features. Cars are equipped with fire extinguishers and first aid kits. Safety and quick service are Acme and Oakland Taxicab features.

The Hotel Oakland turns all of its business over to this firm. Frequently their cars are requisitioned for weddings and all sorts of pleasure parties.

Special rates are made for trips to Santa Cruz, Lake Tahoe and all points of interest. The equipment furnished is at all times the best to be had in the West at the price.

All Acme and Oakland taxis and autos are demountable rims. No time is wasted in case of a puncture, three minutes being all that is required for a change.

WE PAY FOR SERVICE.

Modern business success is built upon the word service. In these times of strenuous activity when business men have become connoisseurs in trade and manners in the foreground of progress, the successful man becomes a competitor in the fine technique of service.

Service is what we are all looking for. We have no time to patronize the business man who cannot supply it. So long as an establishment gives better service than another, busy Americans, always alert to save time, will go where they are accommodated.

As civilization becomes higher and more complicated, reaching cycles of achievement that now seem impossible, there will be many special organizations to supply different kinds of special service.

Already, in the twentieth century, such

Institutions begin to flourish. Among the most prominent of these is the company which makes a specialty of quick delivery. The day is not far distant when no up-to-date merchant will depend absolutely on his own delivery system.

Oakland is fortunate in having one of the pioneer special delivery systems, the success, efficiency and service of which is attracting wide attention.

The Motor Parcel Delivery Company does a colossal business among prominent merchants and manufacturers, as well as among the general public.

The best known wholesalers and retail firms in Oakland and San Francisco are under contract with the Motor Parcel Delivery Company, which has won success by unfailing reliability, courtesy and conscientious fair dealing.

Its advantages are manifold. The company offers quicker service than that of the mail. Wells Fargo or any express company and they deliver parcels on both sides of the bay at cheaper rates. Telephone their office and they will have a man pick up your parcel and deliver it by auto anywhere you want it to go, cheaper than express and faster than mail.

CARE TAKEN.

The firm is noted for careful handling of packages. Especial care is given to goods breakable or perishable, so that the consignment reaches its destination in perfect condition.

The Motor Parcel Delivery Co. is under new management and a wonderful and efficient system has been worked out. Each day the business is increasing among private citizens as well as commercial establishments.

Mr. D. J. Greger, the clever and energetic manager, has laid out a route schedule that operates on the principle of a railroad timetable.

Automobiles leave the depot at the Oakland office, 494-499 Twenty-fifth street, at 8 a. m. and at 3 p. m., calling at homes and places of business along different routes, completely covering the entire city of Oakland and its suburbs.

The territory from First street north to Fortieth street and from Fallon west to Bay is covered four times each day.

The entire town of Alameda, excepting Bay Farm Island, is covered twice daily.

All of Berkeley, including Claremont Manor, Rockridge, Northbrae and West Berkeley to the county line, is gone over twice a day.

So is all of Piedmont, including Vernon Heights, Linda Vista, Adams Point, Crocker Highlands and East Piedmont Heights.

East Oakland is covered from First avenue east to One Hundred and First avenue, taking in Peralta Heights, Fourth Avenue Terrace, Mills College and Key Route.

All packages picked up in Oakland before 2:30 p. m. are delivered p. m. as per schedule.

Parcels Picked up in Oakland after 2:30 p. m. are delivered a. m., excepting packages for delivery from First, north to Fortieth and from Fallon west to Bay. These are delivered each evening.

LAST STREET DATE.

In spite of the simple character of my makeup, yesterday, I kept my appointment at Twelfth and Broadway unchanged.

Many regular searchers were in the crowd, which was very large. Instead of spending several minutes standing in the midst of the throng as I generally do, I walked through the assemblage in three minutes.

By means of specially constructed clothing I altered my appearance twice, making three distinct characters out of one costume.

Really, there is no use of going into details regarding this appointment. Tonight is bound to see the termination of the chase and I hope before midnight I will be able to congratulate one of the small army of sleuths who have been trailing me for two weeks.

BONNIE ANSWERS QUERIES.

FRANK MCA.—I am very sorry you put credence in these unauthorized statements made by my secretary. I was not acting in accordance with my instructions. It is, of course, too late now to say that only the rules of THE OAKLAND TRIBUNE should have been observed. I regret exceedingly that this should have occurred.

At Local Playhouses

MACDONOUGH

"The Strollers" is attracting such large crowds at the Macdonough that the management has deemed it advisable to show four shows daily. Two in the afternoon at 1:30 and 3:30 o'clock, and in the evening at 7:30 and 9:30.

The picture is a perfect reproduction of conditions at the time of the Alaskan gold run. The producers of the film saw to it that all the buildings that stood at that time were reproduced and that the scenes were taken in the exact places where the incidents of the story occurred.

A special orchestra plays during the entire performance.

"Cabrilla," the great motion picture tableau to be first shown at the Macdonough Theater on Sunday, August 23, should interest all students of ancient history. The time of this vast photographic spectacle is in the third century. B. C. when Rome and Carthage were at war. Historical characters such as Scipio, Hannibal, Archimedes and other great warriors and personages of the time are shown.

The picture will be shown for two weeks with daily matinees.

COLUMBIA

Some of the trials and tribulations experienced by theatrical folk are realistically pictured this week in Dillon and King's laughable musical satire entitled "All Aboard," at the Columbia Theater.

Dillon and King's offering is decidedly entertaining. There are several highly amusing scenes and situations which offer excellent opportunities to the comedians for merry making. The scenery too is unusually attractive, showing the deck of a steamer in mid ocean.

The musical program contains several enjoyable features. The following songs are being popular: "I Don't Care," "The Spanish Town Girl," "The Mascot of the Troubadour" and "Everybody Loves California."

Commencing with the matinee next Sunday Dillon and King will enter upon their last week at the Columbia for the present season. The house will be closed for a few days, after which they will return for an indefinite season.

IDORA

Audran's tuncful operetta, "Olivette," one of the best of the French classical school of light opera, is being given a sumptuous revival this week at Idora Park.

Special arrangements have been made for dancing parties wishing to spend the evening at the park. Manager Wallin has extensive entertainment, modern dancing, while strictly conforming anything that touches on the canons of good propriety.

The perfect floor, electric music and local surroundings at Idora Park have made the place as a palace of modern dancing.

NEW SCENIC ROAD ALONG BAY SHORE

Highway Planned by City Engineer Will Have Commercial Uses.

RICHMOND, Aug. 13.—One of the most attractive scenic boulevards in the state is being planned in the office of City Engineer Chapman. The proposed road, outlined in Chapman's report to the council, will lead through the Los Angeles Pressed Brick Company's yard, the Standard Oil refineries and Winehaven.

Plans are being prepared for an ocean boulevard running from the new municipal tunnel westerly along the bay to the winehaven.

According to the plan of the city engineer, from this point, an improved roadway may be built connecting with Richmond avenue, at Schofield avenue the road may connect with the road running from the Standard Oil refinery to Winehaven.

Chapman suggests that if a road were put in following the bay shore around Point Orient and Point Molate, returning by way of the Belt Line and connected with a road already constructed by the Standard Oil Company, the route could not be outwitted for scenic beauty.

EXPORTS INCREASING.

The manufacturer's committee of the Chamber of Commerce at the Hotel Oakland yesterday heard R. H. Marchand discuss the increase in exports from California ports since the war commenced.

Oakland exporters announced that their orders from Honolulu and Japan had increased from three to four times the normal shipments.

GOES TO WASHINGTON.

SAN JUAN, P. R., Aug. 13.—Walter W. Vick, general receiver of customs at Santo Domingo, sailed from here yesterday on the steamer San Juan for New York. He will go to Washington for a conference with the president on Dominican matters.

PERSONALS.

MR. AND MRS. TOM MCNEIL have gone to the mountains for a vacation.

MR. AND MRS. ALBERT LOSE and daughter are spending a few days at Vacaville, their former home.

MISS IDA PARENTH is the house guest of Mr. and Mrs. M. Garibaldi, at their country home near Sacramento.

MAJOR CHARLES E. HAVEN has been staying friends at Santa Rosa during the week.

JOHN MITCHELL and B. C. GIBBY are home from a short business trip to Grass Valley.

MRS. GEORGE HOOD and children are home from their summer vacation spent at San Jose.

D. D. MCNAUGHTON and V. C. RANKIN are visiting in Nevada City.

MRS. C. G. TYSON and son are expected to return the latter part of the week from a visit at Arcata and vicinity.

REV. FATHER R. FREEMAN is spending a short vacation with Rev. Father Connel at Petaluma.

It is a pleasure to those who love a fine line of dramatic work to watch the finished performance which Miss Christine Hume gives in her sister's Juliet's costume at the Oakland and Idora Park theaters this week.

Miss Hume is the daughter of the late J. A. Hume, and was formerly leading woman for John Mason and other American stars.

In quite another line of work appears Allen Stanley, known as "the girl with the personality." She is a lively, dashing maiden who deals out clever rattle songs with a flourish.

Marlo & Billy Hart are wonderfully versatile people who tackle a half dozen lines of entertainment in the fifteen minutes they use the stage.

The Wherry Lewis Quintette gets a big welcome at each show. Several of the Quintette are Oakland musicians and big favorites. Miss Lewis' selection from Samson and Delilah was one of the very pleasing features of the offering.

The youngsters and many who are not in the youngsters' class enjoy Emil Fallonberg's trained band and parade around on roller skates and bicycles and otherwise amuse the populace.

Clark Verdi, the Italian comedian, has become a great favorite in their laughable dialect chatter.

Chevalier de Marcy, a series of rosy comedies that are exhaustively done.

PANTAGES

There is joy for the kiddies at the Pantages theater this week, for two of the eight members on the bill were booked especially with a view to giving them a school act that the average child keenly enjoys. Then there is another act that appeals strongly to the juvenile mind. It is that furnished by Little Jewell's mannikins. Upon the stage is a miniature stage. The tiny, very manipulated, cowered figures, then through tango numbers, a cow girl and her bucking pony, Milt and Jack dancing a little old German band serenade, a wild bull charging an ancient dame, a baseball singing number and a baseball game stopped by a signal.

Other good acts on the bill are the Brothers Standard, remarkable acrobats, and Ricardo Sencere, Jerry and Retz, dancers. Alf and Gladys Gaudin in a novel comedy singing act, the American Newsboys' quartet and comic motion pictures.

OAKLAND PHOTO

For the Thursday to Saturday program at the Oakland Theater, Clara and Erlanger present two features, "Strong Heart" and "Seven Days." "Strong Heart," a great college drama, tells the story of a girl's life, from her childhood to her marriage.

The picture is a perfect reproduction of conditions at the time of the Alaskan gold run. The producers of the film saw to it that all the buildings that stood at that time were reproduced and that the scenes were taken in the exact places where the incidents of the story occurred.

A special orchestra plays during the entire performance.

"Cabrilla," the great motion picture tableau to be first shown at the Macdonough Theater on Sunday, August 23, should interest all students of ancient history. The time of this vast photographic spectacle is in the third century. B. C. when Rome and Carthage were at war. Historical characters such as Scipio, Hannibal, Archimedes and other great warriors and personages of the time are shown.

The picture will be shown for two weeks with daily matinees.

COLUMBIA

Some of the trials and tribulations experienced by theatrical folk are realistically pictured this week in Dillon and King's laughable musical satire entitled "All Aboard," at the Columbia Theater.

\$200 REWARD

For the Capture of the
Mysterious

"GIRL WITH THE
PINK MASK"

"Miss Bonnie Burr"

Rules and Conditions
of the Capture

If you capture the mysterious Miss Bonnie Burr, THE TRIBUNE will pay \$200 in gold if you have in your possession the very latest edition of THE TRIBUNE of the current day's issue, and use the following words of identification:

"Pardon Me, You Are the Mysterious Miss Bonnie Burr of The Oakland Tribune, the Fastest Growing Paper in California."

If you address Miss Bonnie Burr, using the exact words above given, and hold to her view the very latest edition of THE TRIBUNE of the current day's issue, she will at once admit her identity, take you to THE TRIBUNE office, where the above reward will be paid.

When you arrive at THE TRIBUNE office, you will be required to make an affidavit that you are now and have been a resident of Oakland, or any city, town or village on the east side of the bay, for the past six months, and that the capture was made by you without any collusion with any person. The reward will not be paid to any outsider, but only to a bona fide resident on the east side of the bay. This rule effectively prohibits any collusion and makes this contest of skill absolutely fair and above board. Boys under 18 years of age are also prohibited from securing the reward, and will not be recognized in the capture.

The same rule applies to any person directly or indirectly connected with THE OAKLAND TRIBUNE, or any member of his or her family.

Here is a chance for some person to display cleverness and at the same time secure \$200 in gold. Miss Bonnie Burr will not recognize anyone detaining her for any length of time, in order to obtain a copy of THE TRIBUNE, or anyone who in any way whatever stops her longer than a reasonable period, in order to repeat the salutation correctly. It must be distinctly understood that Miss Bonnie Burr will immediately admit her identity if correctly saluted. There will be no need of holding her at any time.

Remember: You must positively not lay a hand on the woman you approach and salute. To lay a hand on

Miss Bonnie Burr will make certain appointments from day to day, inviting the public to effect her capture. When apprehended at any such appointments the reward as offered above will be paid, and in case more than one person claims priority of capture the decision of Miss Bonnie Burr shall be final as to which one of the claimants first properly addressed her and complied with the conditions of this search.

Read the Above Conditions Very Carefully!

Where Every Customer Is a Booster

there must be ground for boosting. Where one customer sends two and three more, there must be ground for true and hearty endorsement. That's what is daily happening here. The way our business here in Oakland is growing, is a surprise even to us. Not a day, hardly an hour goes by, without its proof of how thoroughly we are pleasing men, how genuine they find our values, how well they are satisfied, that we DO sell

Genuine \$25.00 Suits ALWAYS at \$15

There's no reason in the world for waiting until the tail-end of a season. On the contrary, Fall Styles in Suits and Overcoats are here Right Now, and in this money-saving, modestly outfitted store you find them priced \$10.00 cheaper right now, than you'll find them in extravagantly conducted establishments months later. Note well, Advance Styles at LESS Money.

No Fancy Profits or Fancy Expenses Here

That's the real down-right, straight-on-the-level reason, why we sell at a smaller price. Street level rents ARE high. Mahogany showcases DO cost money. Gilded capitals and marble columns CERTAINLY run into big figures. We have no such expenses, --- no wonder we can save you money. As long as we can, wouldn't we be foolish not to do it?

U. S. MAY GRANT HOSPITAL LANDS

Fraternal Organizations to Benefit Under Bill Sponsored by Raker.

WASHINGTON, Aug. 12.—All regularly organized and incorporated fraternal organizations would be allowed to obtain tracts of government land for sanitarium purposes for the benefit of their members, under a bill introduced by Representative Raker of California, now before the House upon recommendation of the public lands committee. It follows a movement for legislation of this kind that has been carried on by fraternal associations and societies for a number of years. Many bills previously have been introduced on the subject, but they were to grant lands to these organizations by name while the pending measure is general in scope, permitting any and all such organizations to obtain tracts for sanitariums.

The main object of the fraternal organizations is to obtain, in each

case, a sufficiently large tract of land upon which a modern sanitarium may be established in arid, semi-arid or mountainous states, in a salubrious section where the ill members of the organization may be treated and cured, particularly in cases of consumption.

The public lands committee has just reported to the House that there are large tracts of land in the public land states, which are practically useless for individual holdings. The bill permits the Secretary of the Interior to withdraw or reserve the land applied for, for not exceeding two years, to enable any fraternal organization to investigate and determine the condition of the climate, soil, water supply facilities and other questions, before obtaining patent from the department.

"GREETERS" OF WORLD TO ASSIST EXPOSITION

SAN FRANCISCO, Aug. 12.—Judging from the hundreds of foreign and national associations which are being attracted to the Panama-Pacific International Exposition, "international bonds" are still at a premium or at least strong and increasing in numbers. Of the dozens of "hand-in-glove" organizations which will be at the Exposition, the latest is the International Association for the Attraction of Strangers, with branches all over the world. The president of this organization, Senator Antonio Morelli, of Montevideo, Uruguay, in a letter received on August 11, appointed the Exposition's Director of Congress, James A. Barr, corresponding secretary of this big organization for the United States.

CENTRAL VEREINERS ENDORSE HOME RULE

PITTSBURGH, Aug. 12.—The annual convention of the Central Verein, held here yesterday after noon, endorsing the Industrial Workers of the World as "enemies of the Christian workers." The Irish Nationalists were endorsed in their campaign for home rule. Joseph Frey, of New York, was elected president and was instructed to send a committee to Washington to protest against the policy of Mexico toward Catholic orders.

The 1914 convention was held in St. Paul.

SEMINOLES TO ENTERTAIN

Seminole club members will be hosts to friends at ladies' night at the clubrooms, Fourteenth and Harrison streets, this evening. A program has been arranged by the entertainment committee, consisting of a number of musical selections with dancing.

They are truly in action, quick to give good results. Sold everywhere.

KANGAROO TENDON PATCHES KNEE CAP

Professional Cockroach Catcher Has Patella Repaired and Looks On.

LOS ANGELES, Aug. 12.—The tools of the carpenter, the instruments of the surgeon and the tendons of a kangaroo combined to repair the injuries sustained yesterday by R. E. Drummond, 670 East Thirty-seventh street, a professional exterminator of fleas, rats, cockroaches and other pests. The victim of a fall from a ladder, the exterminator contractor sustained a broken knee cap. An operation was necessary.

"Will it hurt?" asked the patient. "Not in the least," replied Dr. Wiley, the presiding surgeon at the operation. First, a long slender needle was inserted into Drummond's spinal canal. A few drops of thin, white fluid trickled out. Into the fluid a few crystals of two-cocaine were dropped and were instantly soluble. The fluid was injected back. In ten minutes Drummond lost all sensation below that point.

Then Chief Surgeon Wiley and Dr. Johnson, Bone and Elmer went to work. They cut back the flesh, stripped the broken knee cap and brought out a delicate imitation of a carpenter's brace and bit. Five tiny holes were drilled in each half of the split patella. Then a tendon from a kangaroo was taken from a glass tube in which it had been stored in semivacuity and carefully threaded through the holes. Then it was drawn taut and the two parts of the bone pulled together.

Drummond was the most interested spectator at the operation. He insisted on a pillow under his head that he might see all the details. His eyes opened in astonishment at each new move of the surgeons, but he felt no pain. "What's the kangaroo tendon for, doc?" he asked. "That's to make you light on your feet," one of the nurses answered. "Well, a fellow has to be to catch fleas," mused Drummond.

ROAD PLAN APPROVED BY COMMERCIAL CLUB

The membership committee of the Commercial Club at a meeting yesterday afternoon unanimously approved of the connecting up of the skyline boulevard with the Tunnel road. This step they thought would greatly increase the attractiveness of this scenic road with tourists. Should other organizations line up with the Commercial Club in the plan, the plan of the two roads, the city council declares it will go ahead with the improvement immediately.

Fred E. Reid spoke of the beauties and attractions of the skyline boulevard and advocated its being connected up with the Tunnel road. Other speakers at this afternoon's meeting were D. E. Watkins, secretary of the California State Automobile Association and W. H. Sheasby of Salt Lake city, who is moving his air brake manufacturing concern from that city to Oakland.

SUBMARINE BOAT INVENTOR DIES

John P. Holland Passes Away After Month's Illness; Aged 72 Years.

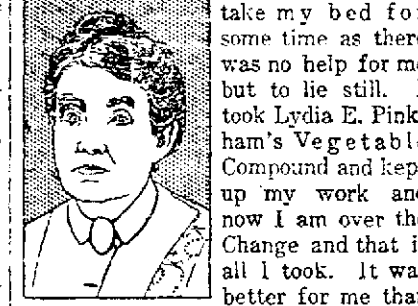

NEWARK, N. J., Aug. 12.—John P. Holland, inventor of the submarine boat which bears his name, died of pneumonia at his home here today after a month's illness. He was 72 years old. Born in Ireland, Mr. Holland was a school teacher when the Merrimack and Monitor fought their historic battle in the Civil War. He built his first submarine boat and sank it in the Passaic river when he found it was a failure.

Subsequently Mr. Holland was successful and the United States government took over his invention. Although a builder of war vessels, Mr. Holland was opposed to war. His idea of the usefulness of submarines was to

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.
As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach and food fermentation causes wind, which distends the stomach abnormally, causing that full, bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 percent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bicarbonate of soda, which is doubtless the best and only really effective antacid and food corrector known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy manner.

FARM BUREAU TO ARRANGE PLANS

Meeting of Directors Is Called
for Haywood Next
Week.

HAYWARD, Aug. 13.—A meeting of the directors of the Alameda County Farm Bureau has been called for next week to arrange plans and future dates upon which Farm Bureau agents will base their work in this county. J. E. Walsh, secretary of the bureau, will announce the time of meeting and the scope of the farm advisor's work, which will include the following:—

The idea of having a farm expert advisor was launched at a meeting held in Pleasanton early in the summer of 1913, at which the farm bureau was organized. The idea was to have a farm expert advisor in each of the farm districts of the county, who would be in constant touch with the farmers, and who would be able to give them the best advice in the matter of their crops and livestock.

The directors of the Alameda County Farm Bureau will hold their regular meeting tomorrow evening at the Hotel Oakland at 8 o'clock. Reports will be read by various committees on civic improvements.

CANDIDATE HEYER HONORED.
FRUITVALE, Aug. 13.—Mrs. Katie Kanning entered last evening in honor of Charles Hoyer, candidate for supervisor of the second district. The meeting was held in a hall at Fifty-fourth avenue, where about 100 guests welcomed the candidate. Mrs. Kanning will continue the neighborhood meetings in Elmhurst for Charles Hoyer, who is very popular in the suburban cities.

"Gets-It" for Corns Sure as Sunrise

New Plan—Corns Shriveled,
Vanish.

Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, only some were liquid, some were ointment, some were powder.

Yankee Doodle had a little corn. He had to ride.

He put some "GETS-IT" on his corn. And called it, "O you corn!"

plasters, some "wrappers" and some in salve form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a new plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest-selling corn cure the world has ever known.

There is no more need of fusing with corns, no more digging or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn or cause pain. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or burn, "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

"GETS-IT" is sold in Oakland by Owl Drug Co.

KNOWLAND HIGH IN STATE FAVOR

Closing Campaign Reveals Vitality of His Candidacy

As the campaign progresses the candidacy of Hon. Joseph R. Knowland, Republican aspirant for the position of United States Senator, finds greater favor with the voters of the State of California. Wherever he goes Mr. Knowland is greeted with the most intense enthusiasm and his meetings are large and appreciative. He was greeted in San Jose by a large crowd, the Mercury Herald reporting the gathering as one of the most important of the campaign. The paper relates that the immense audience evinced its appreciation of the telling points he made during his address of less than an hour, and declares that he gave his hearers a clear conception of his attitude toward all measures of great importance.

At the reception tendered Mr. and Mrs. Knowland by the Veterans' Association last night at Lincoln hall, hundreds were present and the congressman was the recipient of voluntary support on all sides.

At a meeting of a number of the mothers' clubwomen of Alameda county and her address on behalf of her husband was so well received that there is no doubt of the intentions of the women with respect to the candidacy of the congressman.

These are incidents of the campaign which have their parallel daily in all parts of California. From every section of the state Mr. Knowland is receiving endorsements. Among recent ones is that of the West Oakland Improvement Club which has endorsed his candidacy for the Senate in the following emphatic resolution: "Whereas, the Hon. J. R. Knowland is a member of the U. S. Senate, and as a member of the State of California, as a member of the Senate, as well, and as our representative in Congress has toiled diligently for the improvement of the harbor of the San Francisco bay, and the Pacific coast, and Whereas, he has shown himself to be thoroughly honorable, loyal and faithful to the people of California in every respect, therefore be it Resolved, That we, the members of the West Oakland Improvement Club do hereby endorse his candidacy for United States Senator, and commend him to the people of California as a most efficient servant of the people; and be it further Resolved, That a copy of these resolutions be presented to the press and a copy mailed to the Hon. J. R. Knowland."

Signed:
D. M. MCCARTHY, Pres.
G. F. LAWLER, Secy.

The press of the state is lining up for Mr. Knowland and he is receiving support from papers hitherto claimed to be in the ranks of his opponent. The following is the leading editorial from the Berkeley Chronicle-Union one of the papers claimed by the other candidate:

"However, all things are not equal when it comes to Knowland and Shortridge; for thirty years or so Samuel M. Shortridge has been in the limelight as a 'well-binding' bull-sucker for Republicanism, fighting upon the line for protection and a just reward in applause and in the full legislative experience is concerned, an unknown quantity; Knowland, on the other hand, is a well-tried and demonstrated able representative—his acquaintance in Washington alone is an asset not to be underestimated, and his record all these years has been one of a consistent, conscientious, able statesman, and he is not only worthy but is deserving of the promotion to the upper House of Congress."

During his campaign through the southern counties Chas. M. Belshaw, who is a candidate for the Republican nomination for governor, has been criticizing the Johnson machine as the worst the state has had in all its history. Belshaw's friends say he is being enthusiastically received wherever he goes. At San Bernardino it is related that the Progressive chair of police tried to prevent Belshaw from holding a street meeting, and did stop him from using one street corner, but he moved on to the next one, where, after a heated conference between the chief and the city attorney, Belshaw was permitted to go ahead.

Former State Senator M. L. Ward of San Diego, one of the candidates for the nomination for lieutenant-governor on the Republican ticket, has opened headquarters in the Palace Hotel, San Francisco, from which he will extend his campaign to north-

ern and central California. Mr. Ward is running for the nomination on the Republican ticket only and says he does not believe any candidate has the right to expect the support of Republicans and Progressives both. He criticizes John M. Eshelman for his "pussy foot" campaign and says a candidate should be one thing or another and not handicapped by obligations to political opponents.

Mrs. E. L. Ormsby, president of the Alameda Women's Democratic club, is the composer of a song in honor of Charles King, Democratic candidate for governor, which was sung for the first time at the banquet given here at the Forum cafe. The air is "The Good Old Summer Time" and the King adherents expect the song will soon become very popular.

Senator John B. Curtin has completed his campaign through the south and arrived in the bay cities.

The country south of San Francisco and the larger part of the San Joaquin valley and reports great success. Senator Curtin expects the Democratic nomination. Tonight he will lead the grand march at the auditorium with the cheer of the Irish Home Rule celebration. Senator Curtin addressed a large meeting of employees of the Union Iron Works today at noon.

W. C. Ralston, Republican candidate for governor, addressed a meeting of Republicans in the city of Alameda last night, that completely filled the Oak Street theater. The candidate was introduced by George T. Wright, a well-known attorney. In his speech Ralston criticized the Progressive candidates who are seeking places on the Republican ticket, declaring that while these Progressives have for four years been reviling the Republican party, not that they are asking for organization is in sight, they are asking for the party they tried to wreck. Ralston declared himself against the prohibition measure, the eight-hour law as proposed, and the water commission bill.

Tonight, Ralston and A. C. Swalley, candidate for the Republican nomination for assemblyman from the Fourth district in Berkeley, will speak in the Berkeley high school auditorium under the auspices of the Berkeley Ralston club, of which C. E. Ayer is president. Mr. Ayer will preside. Ralston is in Stockton today, where he will hold a meeting in Yosemite theater, but will return, so he speaks at the meeting here.

Captain Fredericks began his speaking tour through the coast counties today. Tonight he will address the voters of Redwood City in the Bell theater and tomorrow night will address the citizens of San Jose in a meeting in the garden theater. His itinerary includes all the principal cities and towns along the coast line from San Francisco to Los Angeles.

Yesterday's Tribune contained a notice to the effect that Charles W. Hoyer had addressed a meeting of the Fruitvale Women's Improvement Club, which had endorsed his candidacy for supervisor. This morning, however, it was learned that the organization telephoned THE TRIBUNE in such endorsement was made.

William W. Cuthbert, president of the Oakland Typographical Union, who presided at the meeting in the Macdonough theater last Saturday night, is in receipt of the following from C. J. Rogers, who was first president of the State Federation of Labor and was delegate from the union to the Oakland Central Labor Council for many years:

"I noticed with pleasure your remarks in introducing to the public on Saturday night last, at the Macdonough theater, the fact that you, as a Republican candidate for the office of governor of the State of California, and consider them extremely appropriate and opportune. The well-thinking and law-abiding people who are affiliated with organized labor heartily approve of and welcome any investigation which may establish the guilt or innocence of any one charged with crime, particularly that in which organized labor is involved, to the end that justice may be meted out to its true sense."

"Organized labor is benefited by having its ranks cleared of the archaic and bomb-throwing element which seeks to hide its venomous and criminal acts behind the shield of unionism, and thereby throwing the opportunity of their acts upon organized labor."

County Auditor E. F. Garrison, who is a candidate for re-election, spoke last night at the Laurel School before the Women's Club of Upper Fruitvale; the home of Mrs. Barton Hogan, 2134 Lincoln street, the meeting having been called in his behalf; at the home of F. C. Bourne, 529 Fifty-fourth street, and at 519 Fifty-fourth street. Mr. Garrison has been addressing five or six meetings each night since he has started taking an active part in the campaign.

Local Union No. 54 of the International Alliance of Bill Posters and Billers of America has passed the following resolutions endorsing the candidacy of County Assessor C. F. Horner:

"It coming to our attention through all union sources and to our own personal knowledge that our assessor, Mr. C. F. Horner, has persistently insisted that all his advertising must be satisfactory to union brotherhood; and

"Whereas, Every taxpayer, be he rich or poor, has paid a just and equal assessment of his property to the best of his knowledge and belief, therefore be it Resolved, That we, Local Union No. 54, of the International Alliance of Bill Posters and Billers of America, knowing the above facts, do hereby heartily endorse Mr. C. F. Horner for re-election to the office of assessor of Alameda county, and do pledge to him our undivided support at the primary and general election."

"E. J. SCHULER, President.
"EDW. RUDILL, Vice-President.
"C. G. HENRY, Secretary."

The Women's Advanced League of Alameda County will hold a luncheon on Thursday, August 20, at the Club Hotel, 1419 Harrison street. This is a non-partisan organization of the most prominent club women of Alameda county, and it has invited all candidates for office to attend the forthcoming event so that the women may form their personal acquaintance. There will be no speeches.

The only candidate thus far endorsed by the league is Blanche Morse of Berkeley, who is seeking the office of superintendent of Alameda county, although announcement is made that other endorsements will follow before the primaries. Reservations for the luncheon should be made through Mrs. Frank G. Law, 4553 Grand ave., Oakland.

Dr. S. H. Buteau, one of the prominent physicians and surgeons of this county, is an ardent supporter of M. J. Kelly for county treasurer and yesterday made a public statement declaring in his favor. He declares Mr. Kelly an administrative and executive official who has never had an equal in this county and the best treasurer it has ever had.

An innovation in local politics in the shape of a "political tea" was given in the home of Mrs. R. Nine, 5361 Vincent street, last evening, to which a number of candidates and their friends were invited. Refreshments were served and the evening was a social success.

George E. Gross, city auditor and assessor of Oakland and candidate for county clerk, has been endorsed by the Oakland branch of the Order of Railway Conductors. Last night he spoke to a large meeting of his supporters at the Seventh and Perilla streets, discussing needed reforms in county governments. Mr. Gross also addressed two large meetings of laundry workers yesterday and last night spoke at a neighborhood meeting at the home of F. C. Bourne, 529 Fifty-fourth street, at the house meeting at Mrs. Nine, 5361 Vincent street. On the night of August 29 he will be a guest of honor at a banquet in Hotel Clay-Ten, at Tenth and Clay, under the auspices of the Greater Oakland and Alameda District Progressive Clubs.

At a meeting of the Central Oakland Republican Club held last night, at which more than one hundred Republicans of the district were present, the following officers were elected: H. A. Gladstone, president; James Brown, vice-president; Mrs. Thomas Cook, secretary. A resolution was passed endorsing the following candidates: Joseph R. Knowland for United States senator; Charles D. Swan for state treasurer; and Charles A. Strong for assemblyman from the Thirty-seventh Assembly district.

The Young Men's Progressive, Social and Athletic Club has completed arrangements for a rally and meeting at its club rooms, 303 Union street, on Wednesday evening, August 13. State and county candidates have been invited to the club has endorsed M. J. Kelly for county treasurer and pledged its members to do everything in their power to insure his re-election at the primaries.

Sheriff Frank Barneil, who is a candidate for re-election, declared today that on account of the Livermore murder mystery he has been forced to abandon the making of political speeches. The sheriff turned down two invitations to speak last night and has declared that business must come before politics in his office.

Harrison S. Robinson, head of the civil service commission, James P. Edoff, head of the park commission, have declared for J. A. Elston for the Progressive nomination for Congress.

Samuel M. Shortridge, candidate for United States senator, will speak at Bak. ersfield tonight.

Charles W. Hoyer, candidate for supervisor, spoke at several district meetings in the annexed district yesterday and today the new week quarters at the Hotel Berkeley where he talked to fifty employees. Later he visited the new golf links of the Sequoia Club in the foothills, where he spoke to more than one hundred who are employed there. He was the guest of Fruitvale Aerie of Eagles at last night, the first time the visit of the state officers. During the early part of the evening he attended a meeting at the home of A. Pelligrini, at 519 Fifty-fourth avenue.

The first fruit to fall from the Democratic federal plum tree on Oakland soil has been captured by Attorney William J. Hayes of this city, who yesterday was appointed referee in bankruptcy for the Alameda county district. Hayes has been active in Democratic politics, both at the university and in this city. He is secretary of the Jefferson Club of Alameda County, assistant secretary of the Democratic County Committee and at present the campaign manager of his party for assemblyman in the Thirty-seventh district.

Cement Workers' Union No. 19, at its regular Tuesday meeting, endorsed the candidacy of W. R. Geary for Congressman.

At a regular meeting of the Swedish-American Political Club of Alameda County, held Tuesday evening, August 11, 1914, at their hall at Twelfth and Franklin streets, the following candidates were endorsed: Governor, Hiram W. Johnson; county treasurer, M. J. Kelly; county clerk, George E. Gross; sheriff, Ben O. Johnson; county assessor, C. F. Horner; district attorney, W. H. L. Hyman; county auditor, E. F. Garrison; county tax collector, James H. Barker; county recorder, G. W. Bacon; public administrator, Dr. H. R. Mehmman; county supervisor, P. A. Haviland; coroner, Dr. Chas. L. Tisdale; superior court judges, Everett J. Brown, T. W. Harris and William M. White; superior court district, Charles W. Hoyer; supervisor, Third district, Joseph M. Kelley; police court judges, Mortimer Smith and George Samuels; constables Oakland township, H. T. Hempstead and Morris Lane; constables Brooklyn township, Thomas D. Carlton and J. W. Smith. All members present pledged themselves to work for the success of the candidates endorsed. The executive committee consists of C. T. Peterson, M. Freeman, E. Johnson, Karl E. Hanson, John O. Gustafson, A. W. Gustafson, J. W. Nelson, 120 Bergstrom, Gust Anderson and John Sandlin.

The president of the club is C. T. Peterson and the secretary is Karl E. Hanson.

HAYWARD, Aug. 13.—After a long search, Constable William C. Allen of Fruitvale town, who is a member of the Joseph Progressives, located a deserter, who is wanted here, is working on a plantation near Rio Janeiro, Brazil. He was formerly a rancher near Hayward. According to the charges, Progressives, alias Pitt, deserted his wife and child a few months ago. He was accused by Joseph Knowland of obtaining money from him fraudulently.

ASKS DAMAGES FOR ALLEGED SLANDER

**Miss Julia R. Stine Brings Suit
for \$25,000 Against Mrs.
Margaret Grant.**

SAN FRANCISCO, Aug. 13.—Declaring that her good name has been dragged into the mire and her character falsely, maliciously and unprovokedly attacked, Miss Julia R. Stein, a beautiful stenographer and daughter of Charles Stein, a local bill board expert and painter, began a suit in the Superior Court this morning to recover \$25,000 damages from Mr. Margaret Grant, the wife of Lincoln Grant.

Miss Stein, until recently was employed in the office of Norbert Shorb, the lobbyist, and son of Mrs. J. de B. Shorb, the local society leader. Miss Stein was engaged to marry Shorb and was while occupying confidential relations with him that Mrs. Grant met her.

Mrs. Grant it is alleged, was a former client of Shorb, but recently withdrew her patronage from him. Miss Shaw says that she can do this no longer.

The complaint sets forth that on July 20 of this year Mrs. Grant, in the presence

persons, uttered the following "false and defamatory words," to-wit: Julie Stein is a disgrace to the home. She has been

acting improperly with men in the city. Helene in San Francisco, and is to be allowed to live in the same home with her sisters or any decent people. She has been pretending to be engaged to marry Norbert Shorb, but she has been nothing but his mistress."

Miss Stein says that all such statements and words spoken by Miss Graham were "uttered by her with the intent to defame and injure said plaintiff, and such statements were untrue, false and

Miss Stein has retained Attorney H. Stafford to prosecute the action. In addition to the statements above mentioned as coming from Mrs. Grant, she says that the latter accused her of "perjury of a false."

Shorb is a brother of Mrs. James K. Shorb, who is a resident of the Hotel Del Monte on one occasion. She is reported to have formed the plan for the party, attending the relatives have come from Salt Lake and other cities to join her in bringing suit against this woman.

morning and became the witness stand in the probate court for the application of Peter H. Medau for letters testamentary in the \$10,500 estate of his late sister, Amelia Medau, who died a month ago. Superior Judge Waste adjourned his court to the yard in order to accommodate the

petitioner, who is 79 years of age and who was unable to enter the courtroom. Besides the petitioner the other heirs of the estate are: Wilhelma Medau, aged 77; J. Jeremiah Medau, aged 84 and Mr. Louis Schroder, a sister and youngest member of the family who is 61 years of age.

WOUNDED FRENCHMAN SHOT.
PARIS, Aug. 12.—The following official statement was issued today: "A wounded French soldier, captured by the Germans, was shot today."

Meziers declares he saw a German cavalryman shoot a wounded Frenchman. He says he heard five or six other shots and saved himself by feigning death. The Germans are wearing uniforms taken from Belgians killed in battle."

SHIPPING BILL UP FOR FINAL ACTION

Senate and House Conferees
Recommend American Registry
of Foreign Vessels.

WASHINGTON, Aug. 13.—House and Senate conferees on the emergency shipping bill today reached a complete agreement recommending to Congress that foreign built vessels registered under the act be permitted to engage in the coastwise trade within two years from the amendment, as it passed the House, was designed as an emergency measure to relieve the congestion of overseas commerce, owing to the withdrawal of the great fleets of the nations involved.

ed the bill so as to admit foreign built ships to the trade between Atlantic and Pacific ports of the United States and on the Gulf and Great Lakes and out of this proposal grew the agreement. The conferees report was presented to both houses today and indications were that it would precipitate lively debate, particularly the proposal to open coastwise trade to foreign-built vessels, which is being vigorously opposed by shipping and ship-building interests.

SOLICITOR JOHNSON'S OPINION.
A formal decision by Solicitor Johnson of the State Department is awaited to have removed any doubt over the question of the right to change the register of a ship by a belligerent in time of war.

Requirements of international law, he contends, demand that no transfer of a vessel shall be made in a blockaded port or while the ship is on the high seas. It is, however, the right of a belligerent to simply make necessary that the sale be made in good faith, with no intention to evade the consequences to which an enemy would be exposed and with no understanding, "expressed or tacit, that the vessel is to be retransferred after hostilities."

"The right of neutrals," says Solicitor Johnson, "to purchase merchant ships from belligerents in time of war is based upon, and is indeed part of the right of neutrals, to continue in time of war to trade with belligerents, which right is undoubtedly subject to certain exceptions relating principally to contraband and blockade. This right to trade with belligerents is of universal recognition, although on occasions it has been denied in practice."

AMERICA RESISTED DECISION.

"During the Napoleonic wars the French and British governments seemed to indicate the trade in which neutrals should be permitted to engage with the belligerents and to prohibit them from trading with belligerents altogether, but these decrees met with the firmest resistance on the part of the American government at the time, and after the occasions which produced them had passed, the English government was compelled to retract and state that it was the commerce of neutrals should not be interrupted by the exigencies of war. The right of the citizens of a neutral country to trade in merchant vessels belonging to the citizens of a belligerent is a certain well defined right, which may be said to be of well established international character. The senator asserts that the London convention of 1864, although not ratified by the United States, confirms rather than denies this position, and that the convention does not change the general rule that the sale of a belligerent vessel to a neutral in time of war is valid where such sale is made in good faith and divests all title and interest of the vendor."

In his judgment, the declaration of London restates the position long maintained by the United States, Great Britain and most of the other maritime nations.

CLOSE SMELTER DEPARTMENT.

MARINE AND CUSTOMS department of the Selby smelters may be closed down on account of the war, according to reports from the department. The Selby smelters, located in the reduction of gold, is imported from Germany and the supply is cut off. There is enough cyanide on hand for several weeks, assert the smelter officials, but unless the supply is then renewed the gold reduction will be discontinued.

HOW LONG IT TAKES TO LEARN SHORTHAND

Reasonable Estimate Given by
the Ilsen Shorthand
Institute.

Various estimates as to the time required to learn shorthand are common. Mr. Ilsen of the Ilsen Shorthand Institute considers that to prepare efficiently for a good position at least six months should be given. Most estimates for the student is the instruction. In the Institute, the day attendance is for young ladies exclusively. They are taught in small private classes under the immediate guidance of expert instructors, so that progress is exceptionally thorough and rapid.

CELEBRATE SIXTY-THIRD WEDDING ANNIVERSARY

To commemorate the sixty-third anniversary of their marriage, James Lewis Warren and Mrs. Warren, an English couple who have lived for many years in San Francisco, celebrated with a family dinner and a reception for friends at the home of their son, W. J. Warren, 1020 Tenth street, Oakland, yesterday.

Congratulations, good wishes and gifts were offered to the guests of honor, who look forward to many similar festivities on the future landmarks of their matrimonial career. Decorations of lavender and white flowers adorned the rooms.

The Warrens were married in the church of St. Pancras, London, August 12, 1851. On August 25, 1859, they sailed from England, arriving in New York September 15. Six years later they left New York for the West, where they have resided ever since, arriving in San Francisco on September 7, 1862.

An expert wood carver, Warren has created many fine examples of his art in buildings of this state, including the Hall of Records, Oakland, the courthouse at San Jose and the State Capitol at Sacramento.

The couple have several daughters and a son. They are Mrs. J. C. Eggers, wife of Major Eggers, San Francisco; Miss A. Warren, Chicago; Mrs. E. B. Perry of Ross Valley; and W. J. Warren of Oakland.

POLICE RAID ALLEGED PERCENTAGE POKER GAME

The police raided an alleged percentage poker game at 457 Eighth street, and arrested Peter Panos, who is alleged to have been the ringleader in the place, and the following persons for playing poker there: George Albanos, Louis Zervas, Ben Leon, Thomas Georgiulis and George Chaoanias.

The complaint against the place was made by John Panos, a Greek, who claims he was forced to play a large sum of money in the gambling resort. Panos identified currency which was taken from the table as money which he had lost. He also informed the police that he had been sold liquor in the place and a jug of wine was found in the room. The arrests were made by Corporal Pullman and Patrolman Mulhern.

BIDS ARE CALLED FOR STREET IMPROVEMENT

MELROSE, Aug. 13.—Notices have been posted up calling for bids for the macadamizing of East Fourteenth street from High street to Twelfth avenue in Melrose. This work will be started within a few weeks, at the same time as the improvement of the street in Melrose. In Melrose is in progress. On the completion of the macadamizing these two communities will possess one of the best sections of this most thoroughfare. In each of the improvement organizations—the Melrose Business Men's Association and the Fruitvale Board of Trade—have been instrumental in bringing about the regrading of the road surface. The street improvements, it is anticipated, will help business in Melrose and Fruitvale by making the business centers more attractive.

HANDLING CUSTOMER WHO IS JUST LOOKING AROUND

PICTURE NO. 1—(THE WRONG WAY).
Salesperson: "These coats are excellent values for—"
Wrong because what she says in these first words to the customer is not what the customer is thinking about. She changes the customer's thought abruptly and thus perfect harmony is not effected between the two minds.

PICTURE NO. 2—(THE RIGHT WAY).
Salesperson: "Note how attractive Chinchilla makes up in the new Raglan sleeve."
Note also how the salesperson's actions are with the customer's thought. She picks up the sleeve before she takes the coat off the hook. In this case the salesperson is beginning just where the customer is in thought. She speaks about the sleeve and takes it up also. She thinks with her customer and does not ask the customer to think with her.

HOW TO SELL AND HOW NOT TO SELL, TOLD BY AN EXPERT

(By G. M. WESSELLS, Salesmanship Department.)
[Editor's Note: The following is the first of a series of articles on salesmanship which THE TRIBUNE is offering its readers.]
Of the Los Angeles schools, is in Oakland lecturing before choirs of local stores under the auspices of the Retail Dry Goods Merchants' Association of Los Angeles. He has a series of motion pictures which show expert sales. This motion picture lecture will be given at the Unitarian Church Tuesday and Wednesday night of next week.]

One day I was standing in the ladies' suit department of a large store. A customer stopped for a moment to look at a coat on display. She was very stylishly dressed and was looking at the sleeve. I recognized that this was an artistic customer whose appearance and actions showed she was interested in style, appearance, etc. The card above the coats showed that the price was a strong selling point. I was interested in knowing what the salesperson would do. One came up. I listened.

"Something I can show you in coats!" It was the little negative suggestion, the question which gives the customer, who is looking around, a chance to say, as in this case.

"No, I was just looking around."

I made a little suggestive question, would have been a little suggestive question.

In Los Angeles seventy-four observations were taken on just this point and it was found that sixty-one salespeople asked a question as against thirteen who offered a little suggestive statement. And only five knew the key to handling this customer in the MOST EFFECTIVE WAY.

For instance: The customer is looking at the sleeve. The strongest selling point is price. If one saleslady comes up and says: "An excellent value for \$12.95,"

WAR THREATENS SUPPLY OF CIGARETTE PAPERS

SAN FRANCISCO, Aug. 13.—Help! Bring on the "Dove of Peace!" The "making" is in danger. That European war is serious. My Lady Nicotine is marooned.

Wholesale tobaccoists report that the stocks of imported cigarette papers are low and the prospects are that importation will be cut off by hostilities.

The principal sources of supply of cigarette papers are in Austria and France. The Austrians produce, particularly, the brown or wheat straw papers, the mainstay of a "roll" of papers' hand-rolled "cigars." From France come the finer grades of rice paper, and the monogrammed and silk tipped covers of the expensive "tailor" makes.

It appears that the big manufacturers have enough paper in stock to meet their needs for several months, but few are without grave fears concerning the certainty of the future supply.

RETURNS FROM CONFERENCE

Dr. Gibson, head of the Oakland branch of the League, returned yesterday from a conference in Sacramento with Dr. Donald Curry, secretary of the State Board of Health. Among the subjects discussed were the registering of births and deaths, the reporting of communicable diseases, the proposed cleaning up of the West Oakland marsh and other matters of a similar nature.

RICHMOND, Aug. 13.—With a mass meeting for men on the afternoon of Sunday, August 23, and a union meeting of the churches on the same evening at Wesley M. E. Church, the state organization of the Young Men's Christian Association will start a campaign of publicity in this city with the object of ultimately erecting a building and establishing a local association. Harry O. Hill, student secretary, was in the city yesterday, and with Dr. Charles R. Blake, local health officer, laid plans for the meetings which are to be held on the 23d.

The afternoon meeting is to be for men only and will be addressed by J. E. Sprunger, of Los Angeles, state secretary of the association, who will speak of the importance of the Y. M. C. A. in the community.

WEALTHY MAN EXPIRES ON HIS WAY TO WORK

RICHMOND, Aug. 13.—Daniel C. Williams, 51 years of age, an employee at the Standard Oil refinery of this city, and reputed to be very wealthy, expired suddenly while walking to the refinery yesterday morning. He was removed to the Abbott Emergency Hospital and later to the branch morgue. An autopsy, performed by Dr. W. W. Cunningham, revealed the cause of death to be heart disease. An inquest will be held this evening. Williams is survived by a wife living at the home of his son-in-law, Elliott B. Davis, in East Oakland. Williams was known as "Captain" Williams to his friends at the refinery. He was formerly a member of the labor union, but was later given place in one of the pump houses. He was past 72 years old. He remained through the week in Richmond and died at his home in Oakland and was buried in the city. The funeral was held at 10 o'clock this morning.

RICHMOND, Aug. 13.—Six new members were initiated at a program was rendered at the Y. M. C. A. last night. The program was rendered by the Y. M. C. A. Association in A. O. U. hall last night.

It was announced that Mrs. Milla Parnell, who has been here for the past four months, will go to Santa Rosa to continue her work.

The six members initiated were Mr. and Mrs. Edgar Hayes, Jr. and Mrs. Earl Eddleman, George Wolf and Fred Eddleman.

CANDIDATES WILL BE CLUBWOMEN'S GUESTS

RICHMOND, Aug. 13.—Candidates for various political offices in Contra Costa county for state and county offices, will gather tonight at East Shore Park as guests of the Richmond club, one of the city's foremost women's organizations.

While the candidates have been favored with dances, whist parties and other attractions in their honor, the event of the evening is regarded as one of the most important. No announcement has been made as to the committees, but it is a well known fact that each candidate will be put on a list of some form.

VOLUNTEER FIREMEN TO APPEAL TO CITY COUNCIL

RICHMOND, Aug. 13.—Firehouse No. 2 has arranged to present its case to the city council, which will meet Sunday morning at 10 o'clock to try and decide what will become of the volunteers, who for years have been the mainstay of the fire department.

Yesterday was the last meeting which Company No. 2 will hold, and it was well understood before that the heart to say good-bye to the volunteers who have served the city so long and so well.

ACCIDENTAL POISONING, IS VERDICT OF JURY

HAYWARD, Aug. 13.—The coroner's jury rendered a verdict of "accidental poisoning" this morning, stating that the case of Mrs. A. Hastings, who died Monday last. She had been in the habit of picking up a bottle containing carbolic acid.

Mrs. Hastings was an old resident of this city and has several children. She was found by her neighbors in a state of unconsciousness and was taken to the hospital, where she died.

Dr. Josephine, a resident of the city, was found by her neighbors in a state of unconsciousness and was taken to the hospital, where she died.

SANTA FE OPPOSES STREET EXTENSION

Protest Overruled by Council,
Railroad Threatens Re-
course to Courts.

RICHMOND, Aug. 13.—At a meeting of the City Council last night the protest registered by the Santa Fe railroad against the opening of Main street through its property to Ashland avenue was overruled.

W. B. Trull, local agent for the company, declared that the matter would be carried to the courts in event the council pursued its intention.

W. H. Walker, division superintendent of the Santa Fe, appeared at the council last night to enter the protest and, according to T. H. De Lap, attorney for the commissioners in charge of the

after the time limit for protests had expired.

The Santa Fe contended that the opening of this street to Ashland avenue through its property is unwarranted at this time, as the land is being held in reserve for other purposes.

CANDIDATES ADDRESS WOMAN REPUBLICANS

RICHMOND, Aug. 13.—Candidates spoke yesterday at the meeting of the Richmond branch of the California Women's Republican club. Mrs. Nellie K. Cushing presided.

J. C. Freudenberg, a local attorney, spoke on the subject of politics since women possessed herself of the ballot, and declared that the chance was for the better.

The members of the club will go to Martinez this afternoon to participate in a Republican women's rally in that city.

PARTED FOR YEARS, BUT WEDDED AT LAST

RICHMOND, Aug. 13.—A romance which began in Richmond several years ago, when the principals were companions at the University of California, was consummated yesterday.

The ceremony was performed at the First Christian Church in Berkeley by Rev. H. J. Loomis.

Although they had been separated for a period of several years, when Scholes returned to this city a month ago from San Diego, he renewed his courtship. The couple will make their home here.

SCARCITY OF PAVING BRICK DELAYING WORK

RICHMOND, Aug. 13.—Efforts on the part of the San Francisco-Oakland Terminal Railway to secure a contract for the work of double-tracking has proved absolutely fruitless. The company officials stated yesterday that they still were as much at a loss about the matter as they were three weeks ago.

In the meantime the company has started making asphalt at its plant in Oakland and is bringing the material in by carloads and doing what work it can.

CRAVEN HOSPITAL MOVED TO MAKE ROOM FOR WING

RICHMOND, Aug. 13.—Work of moving the Craven hospital back on the lot upon which it stands, to make room for a new wing, was completed yesterday.

Miss Jeanne Craven announces that next year she will put on a number of additional rooms. J. W. Hadden, who has been in charge of the hospital, will be in charge of the new wing.

ODD FELLOWS TO JOIN IN LODGE CEREMONIES

RICHMOND, Aug. 13.—At least thirty members of Twilight Lodge of Odd Fellows of this city are planning a trip to Bay Point on Saturday evening, to be present at the formal institution of the Bay Point lodge.

Several lodges from near by towns will confer the degree work of the evening. The ceremony will be held at the Bay Point lodge.

CRUISEES TO LEAVE FOR HAWAII ON SATURDAY

VALLEJO, Aug. 13.—Announcement was made today at Mare Island Navy Yard that the cruisers South Dakota and West Virginia will sail Saturday for Pearl Harbor, Hawaii.

The cruisers will convey torpedo boats and other craft. All four craft have been ordered to return at Pearl Harbor until the close of the European war.

MARE ISLAND NOTES

MARE ISLAND, Aug. 13.—The new fire truck, which the Navy has arrived at the local naval station and will be installed when that man-of-war returns here this fall for her annual repairs.

The submarine No. 2 and No. 4 have been given a berth at the south end of the quay wall to make room for the North American drifter, which is at work in the vicinity of dock No. 1.

The new ship from Mare Island has been made to the quay wall just north of the ship. The new ship has been made to the quay wall just north of the ship.

The port engine of the twin screw tugboat Kasaan's No. 2, which according to the shipyard department was damaged by a boiler explosion, will be hoisted on board the fuel carrier next Monday by means of the derrick.

Commander Graham, U. S. N., and Lieutenant Jones, U. S. N., went to Yerba Buena Island today to examine the survey of the boilers of the cruiser St. Louis.

Authority was received at Mare Island today to equip the destroyer Whipple, formerly of the first division of the Pacific fleet, with a high power radio set. The job will be done by the engineer in under orders to leave here on the 15th instant.

Lieutenant Edward Guthrie, Jr., was detached from the destroyer Turbot today and will leave before the week is over for Salt Lake City, where on arrival he will be assigned to duty at the recruiting station.

FIRE FIENDS BURN BARN TO GROUND

Structure on Old Miller Estate
Destroyed in Mysterious
Morning Blaze.

A mysterious fire destroyed the large barn of the old Miller estate. Fifteenth and Twelfth streets, early this morning. The barn had been occupied by tramps and hoboes, with whom Herman L. Ellerbrog of 1417 Kirkham street, who recently purchased the barn, had trouble. It is thought the fire may have been another case of arson.

Neighbors voiced the suspicion today that the barn may have been the hangout of the men who have been guilty of several incendiary fires in the past three weeks. The matter is being investigated by the detective bureau of the police department.

The fire was discovered at 2:32 a. m. Assistant Fire Chief Whitehead and fire companies 9 and 3 responded promptly and made a heroic fight to keep the

building. One of the firemen was trapped by the flames in the second story and had to leap to the ground to save his life. He received only minor injuries.

The barn was totally destroyed and the loss is estimated at about \$2000. Ellerbrog stated that he believed the fire was started by an incendiary. He declared that he has had trouble with vagrants, who occupied the place against his wishes and that he had also been forced to cause the arrest of a boy for stealing fruit from the place. He said the boy was seen around the barn late last night.

BULLET VICTIM DIES.
REDDING, Aug. 13.—Orin William Riley, who was shot accidentally at Round Mountain last Sunday afternoon by his life-long friend, Fred Marty, died in the hospital in this city. The bullet from the revolver went through his abdomen and pierced the liver. Riley contracted Marty from all intentional harm.

CHARGED WITH MANSLAUGHTER.
At the inquest over the body of Henry Souza, the nine-month-old boy, who died last week from a fractured skull, the coroner's jury brought in a verdict charging Antonio Souza, his father, with manslaughter. It is alleged that Souza struck the child on the head while under the influence of liquor.

Drives 'Schooner' Marks Old Trail

EZRA MEEKER.

To mark the line of the Oregon Short Trail and to perpetuate the memory of the pioneers who gave their lives to the making of the great Northwest, is the dream of Ezra Meeker, who is a visitor with his picturesque prairie schooner in Oakland this week.

"It is the pioneers as a class that we are striving to honor, not particular individuals," said Meeker. "Already 22 monuments line the way from Puget Sound to the Missouri river, following the line of the old Oregon trail. But a greater monument is needed, a monument which will hand down to posterity the achievements of the pioneers and the memory of the trail by which they came. We want a cement highway to be called Pioneer Way from the Missouri river to the Pacific."

It was for this purpose and hoping to arouse public interest in his work that in January, 1906, Meeker started from his home in Pullup, Wash., in a prairie schooner, drawn by oxen and made its part from the one in which he had crossed the plains 32 years before. He followed exactly the route of the original

SENIOR ELDER IN CHURCH IS DEAD

Infirmities of His 81 Years
Find Relief at Last.

FRUITVILLE, Aug. 13.—Charles E. Brown, 81 years old, senior elder in the Fruitville Christian Church, died this morning at his home on Thirty-fifth avenue, where he had resided for many years. His death was caused by the infirmities of age.

Brown had retired from active life a number of years ago. He was a prosperous merchant in the East, where he made the greater part of his life. He was a native of Cameron, Missouri, where he received his education, and a veteran of the Grand Army of the Republic, having served in the Civil War.

He is survived by four sons: Fred H. Brown, a contractor; Will H. Brown, organizer of the Loyal Sons society; Frank

grover of Fruitville.

The funeral will be held from the A. A. Barber Undertaking Parlor, East Fourth and Thirty-fifth avenue, tomorrow afternoon at 2 o'clock.

SALINAS PASTOR

FACES CHARGE

Rev. E. E. Robbins Accused of
Sending Obscene Letter
to Girl.Salinas, Aug. 13.—Rev. E. E. Robbins,
pastor of a Methodist Episcopal church
here, was arrested in this city yesterday
by Deputy United States Marshal George
Burnham on a charge of sending an
obscene letter through the mails. He is
accused of the authorship of an offensive
letter received by Miss Edna Rogers,
one of the young parishioners.Immediately after the minister's ar-
rest he was taken before Justice of the
Peace David Wallace of Salinas and
was allowed his liberty on a \$2000 bond
furnished by two members of his con-
gregation. Later in the day he ap-
peared before United States Commissioner
S. W. Mack, at Pacific Grove, where
he again gave a bond to appear
before United States Commissioner
Francis Kell in San Francisco.
The letter that caused the Federal
arrest of Mr. Robbins, and signed
"Mary Brown, M. D." Robbins denied
authorship of the letter, but admits
writing some letters to the young
woman. These, he says, were all of a
philosophical nature and were above re-
proach.The accused minister has held a pas-
torate in Salinas for two years. Before
going to Salinas he occupied the
pulpit of a Methodist church at Ukiah.
He also preached at Point Arena and at
St. Union, in this State.Sonoma, Aug. 13.—What is said to
have been the largest fire in the
mountains above Toulome was
brought down yesterday. The fire was
a giant, burning in the mountains
and six inches in diameter at the
base. It contained close to 10,000 feet of lum-
ber.San Rafael, Aug. 13.—Upward of
fifty subpoenas have been issued for Pe-
ter Haupt, a farmer, in connection with
the charges and counter charges in the
controversy between F. N. Holland, county
recorder, and S. J. Norton, a local editor.
Holland is seeking the indictment of
Norton on a charge of criminal libel.
Norton has caused half a hundred local
persons, including fifteen women and
girls to be subpoenaed.Fresno, Aug. 13.—Following a dis-
pute over irrigation troubles near here
today, Peter Haupt, a farmer, is dead
and Nicholas Weber, a neighbor, is in
the county jail, charged with murder.
He is accused of shooting Haupt to
death. Both farmers used irrigation
water from the same ditch, and it is
alleged by Weber that the ditch broke
down through Haupt's fault, causing
damage to his crops. Weber's farm
is reported to have been insured for
a counter accusation against Weber be-
cause of the break.Menlo Park, Aug. 13.—Burglars broke
into Duff & Doyle's general merchan-
dise store here early yesterday and
carried off \$1000 worth of goods. This is
the second time this place has been
visited by thieves this year.Stockton, Aug. 13.—Dr. Grant Safety
of Stockton county was probably fatally
injured late Tuesday night, when an
automobile in which he was driving turned
over near Galt.Stockton, Aug. 13.—While at work
in the Dutch mine, near Sonoma, Dan
Murch, an Austrian, 22 years of age,
fell a distance of 200 feet to the bottom
of the shaft. Murch was at work on
the 100-foot shaft and was trying to

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing feebleness, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable dyspepsia and lack of staying powers are a result of doing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and

The administration of Anodynes, Drops, Cordials, soothing syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Cocaine contains no narcotics if it bears the signature of Chas. H. Fletcher.

Quinine Casteria always bears the signature of Chas. H. Fletcher.

TO OFFSET LOSS
IN IMPORT DUTIESConference Held on Ways and
Means for Raising About
\$100,000,000.WASHINGTON, Aug. 13.—The question
of ways and means for raising about
\$100,000,000 to offset the loss to the United
States in import duties expected to result
from the European war was up for dis-
cussion at a conference here today be-
tween Secretary McAdoo and Chairman
Underwood of the House ways and means
committee. Treasury experts had pre-
pared a statement showing imports from
the warring countries and figures indicat-
ing what might be raised by increased
taxes on liquors and by adding to the in-
come tax.There was considerable talk of the
feasibility of a stamp tax on checks and
documents, much the same as during the
Spanish war, and of an increased tax on
beer and tobacco.No conclusion was reached and Senator
Simmons and Representative Underwood
will have another conference.It was determined to draft a bill to
raise \$100,000,000 by additional internalNormal revenue on imports from the
war zone totals about \$115,000,000 an-
nually. Many of the articles exported to
Germany, experts say, may be provided
by England and other countries. Japan
might increase its exports of things which
Germany normally supplies. Pottery,
laces and embroideries, toys, dyes, etc.,
will constitute the principal loss.Plans being informally discussed in-
clude one to change the internal revenue
tax on cigars and tobacco to make it an
ad valorem tax instead of a flat tax on
amounts. It being estimated that about
forty million could be raised in this way.
An increased tax on beer according to
estimates would bring in \$20,000,000. No
change in the income tax could be effec-
tive until after July 1, 1915.Figures have been prepared for Sec-
retary McAdoo on the income now annu-
ally derived from the tax on beer, whisky
and tobacco which may be used as a basis
for increased taxation to meet the ex-
pected loss in import duties. The one
dollar a barrel tax on beer raises \$85,
000,000; the \$1.10 a gallon tax on whisky
raises \$10,000,000; eight cents a pound tax on
tobacco and eight cents a pound tax on
\$2.50 tax per thousand on cigarettes \$15,
000,000 and the 75 cent and \$2 per thou-
sand and tax on cigars below and above a
fixed weight brings in a little less than
\$24,000,000.FORGERIES IN RECALL
PETITION ARE CHARGEDSAN FRANCISCO, Aug. 13.—Charging
that there are numerous forgeries on the
petition circulated for his recall, State
Senator Milton T. Usher, attorney for Sen-
ator Grant, yesterday filed a petition in
the Supreme court yesterday for an alterna-
tive writ of prohibition commanding
Register Harry Zemansky, Secretary of
State Jordan and Governor Johnson to
desist from calling an election to de-
cide the matter.The petition for a writ was filed by
Milton T. Usher, attorney for Senator
Grant. The petition sets forth that 2253
signatures were affixed to the recall peti-
tion circulated against Senator Grant by
Andrew Blinsfield, cigar store keeper, 1225
Divisadero street, who wants to succeed
him, and others. Of these signatures, Register
Zemansky found that 1179 were not on the
registration list and 254 were duplicates.CANNERS ASK TIME
PAYMENTS ON CONTRACTSMARTINEZ, AUG. 13.—Because
contracts in Europe were canceled on
account of the war, the California
Fruit Canners' Association announced
today that it would ask time for pay-
ments on its contracts this year with
Europe. It is proposed that pay-
ments be made in four annual install-
ments.The association, which operates
canneries throughout the state, asserts
that for the present it must find new
markets. The world, it is said, is
now on the verge of a new era. When
that time is up there will be an
enormous demand, but till that
time the association says it must go
slow or be far overstocked. The associa-
tion announced its intention of
keeping its packing-houses open as
usual during the season.VARIOUS BURGLARIES
REPORTED TO POLICEWilliam H. Warren, 508 Eighth street,
reported to the police today that his
place had been broken into, home and
ransacked the place. Jewelry and other
belongings, valued at \$150, were stolen.
L. P. Cushing, 417 San Pablo avenue,
reported that burglars broke into his
place last night and stole articles valued
at \$100.W. W. Wigmore, 477 Twenty-first
street, reported the theft of a horse and
buggy from Fifteenth and Franklin
streets, yesterday.A. L. Crosby, 418 Tenth street, reported
that his room was entered and ar-
ticles valued at \$25 stolen. He had
been in the room since August 1st.
Berkley, reported the theft of a purse
valued at \$100 from a street car between
Oakland and Berkeley. The purse contained \$50.BIG SILK SHIPMENT.
CHICAGO, Aug. 13.—Five hundred
thousand and fifty thousand pounds of
Japanese silk were rushed through
here today for shipment to England.
The consignment, which was shipped
in bond and closely guarded by
secret service men, was the second in-
stallation of a total shipment of
nearly a million pounds, which will
go forward to England this week, ac-
cording to plans under convoy of
two British warships. The silk will
be put on a White Star liner and the
warships will pick the mercantile
up outside the three-mile limit.

WANT HOSPITALIERS HERE.

Secretary Denison of the Oakland
Chamber of Commerce held a con-
ference yesterday with Dr. Theodore
Olmstead, a member of the American
Hospital Association, in regard to
holding their next convention in this
city. Strong efforts will be made to
attract the hospital association here
for 1915. Another conference will be
held before a decision is rendered.

BUBONIC PLAGUE.

NEW ORLEANS, Aug. 13.—The
first human case of bubonic plague
within the past eleven days and the
fiftieth since the contagion ap-
peared here June 27 was reported
today by Federal health authorities.
Diagnosis confirmed the illness of
Mrs. J. Bus, aged 20, as plague. She
has been under observation for pro-
tection.Wins High Honor
Is Head of Order

MRS. GEORGE SAMUELS.

Mrs. Lily Samuels, wife of Judge Geo.
Samuels, was elected supreme leader of
the order of Pythian Sisters, at the con-
vention now in session in Winnipeg,
Canada. The office is the second highest
in the gift of the lodge. Mrs. Samuels
has been an enthusiastic worker in the
fraternity for many years and is one of
the charter members of the local lodge.
She has been interested in that order
since it was instituted on the Pacific
Coast. Mrs. Samuels will be tendered a
reception by the Pythian Sisters upon
her return to Oakland. She is visiting
relatives and friends in New York.The supreme temple will meet in Por-
tland in 1915 and an effort will be made
to secure the convention for Oakland in
1915.MEMBER OF "FORGERS"
FRATERNITY" CONFESSESLOS ANGELES, Aug. 13.—Ernest H.
Carpenter, member of the "forgers fra-
ternity," led by the fugitive Hammond,
partner of "John the Blonde," today ad-
mitted that he forged a check for \$500
in San Francisco and expressed himself
as ready to stand trial.Carpenter's confession was a brief one.
He said:"Doc (Hammond) and I went to San
Francisco on August 5. I went to the
St. Francis Hotel and he went to the
Palace Hotel."We had secured two check blanks of
the Delaney-Corson Bank company at
Eureka and 'Doc' secured the name of
C. Carson, the president and a big cap-
talist, to them both, copying a genuine
signature of C. Carson. He had secured
when he applied for a position with them.
One was made out to H. C. Bundy and
one to W. H. Bundy, the names we were
then traveling under."Doc suggested to me the way it was
to be worked. We called messengers and
sent the checks to be certified. I sent
mine to the Bank of California and 'Doc'
sent his to the Anglo-London Bank. The
cashiers of both banks certified the
checks. Each was for \$500."Then I cashed mine at the St. Francis
and 'Doc' cashed his at the Palace
when we went to pay our bills that night
and then we made our get away to Los
Angeles."

PAVEMENT BIDS WANTED.

The Park Department of Oakland
announces that at 2 o'clock on Wed-
nesday afternoon, August 19, it will
be prepared to receive bids for the
laying of cement sidewalks on the
unpaved boundaries of several of the
city parks, including the following:
Glen, Pine Knoll, Bella Vista and
East Shore. As the street has been
changed near the last named some
of the old pavements must be taken
up and new sidewalks laid to con-
form with the new street line. Ac-
cording to the contract work, which
will be practically finished the next
day, must be completed in forty
days. Pavements will be in place
before the winter rains begin.

RAILROAD APPEALS.

LAREDO, TEXAS, Aug. 13.—Receiv-
ership proceedings instituted in the
district court here by the state of
Texas against the Texas-Mexican rail-
way, a branch of the Mexican Na-
tional railways, were stayed yester-
day when the road gave notice of ap-
peal to the court of civil appeals and
asked for a supersedeas bond. Attorneys
for the road assured the court that the
bridge between Laredo and Nuevo
Laredo, Mexico, would be reopened
for traffic tomorrow.Thin People Can
Increase WeightThin men and women who would like
to increase their weight with 10 or 15
pounds of healthy "meat there" fat
should try eating a little Sargol with
their meals for a while and see results.
Here is a good test worth trying. First
weigh yourself and measure yourself.
Then take Sargol—one tablet with every
meal—for two weeks. Then weigh and
measure again. It isn't a question of
how you look or feel or what your
friends say and think. The scales and
the tape measure will tell their own
story, and most any thin man or woman
can easily add from five to eight pounds
in the first fourteen days by following
this simple direction. And best of all,
the new flesh stays put.Sargol does not of itself make fat, but
mixing with your food, it turns the fats,
sugars and starches of what you have
eaten into rich, fine fat producing nour-
ishment for the tissues and blood—pre-
pares it in an easily assimilated form
which the blood can readily accept. All
this nourishment now passes through your
body is waste. But Sargol stops the
waste and does it quickly and makes the
fat producing contents of the very same
meals you are eating now develop pounds
and pounds of healthy flesh between
your skin and bones. Sargol is safe,
pleasant, efficient and inexpensive. Os-
good Bros. drug stores and other leading
druggists in Oakland and vicinity sell it
in large boxes—forty tablets to a package
—on a guarantee of weight increase or
money back.Painless Parker

ENGLISH OFFICER
WEDS HIS NURSELeaves Bride of a Day to Re-
join British Army for
Present War.GARDEN VALLEY, Aug. 13.—Irvine
Bell, a young Englishman who has been
in charge of the Gopher-Boulder mining
property in Kelsey district, has departed
for England, where he holds a commis-
ion as Lieutenant in the British army.
When Bell came out here several years
ago his nurse, who has attended him
since his infancy, was sent along to con-
tinue caring for him. She also acted as
his housekeeper. They lived in a cottage
on the property, and her devotion to Bell
seemed like that of a mother for her son.
When the nurse, Caroline Reynolds
Harker, accompanied Bell to Sacramento
to meet his parents, with the object of
seeing them, she secured a marriage license
and was wed in that city. The bride
will return to Kelsey and attend her hus-
band's duties during his absence.POL PLANCON, NOTED
BASSO, PASSES AWAYPARIS, Aug. 13.—Pol Plancon, the
opera singer, died yesterday. He had
been ill some time.Pol Plancon was a bass singer, and
made his Paris debut in the part of
Mephistopheles in 1882. With this part
his name had been closely associated
throughout his career. He went to the
Metropolitan Opera House in 1892, where
he sang with Melba, Calve, Tarnis, Nor-
dia and Jean and Edouard de Reszka.
Plancon sang for many years at Covent
Garden, London. He was 55 years of

CITROLAX!
CITROLAX!It's a laxative, of course—name tells
you that. And the nicest hot weather
thing you ever tasted. Flushes thorough-
ly and pleasantly. For P. C. C. C. C.
Syracuse, N. Y., says: "Have used laxa-
tives for 15 years, but this Citrolax has
nothing else beat a mile." You
will agree with him. Specially nice for
children and delicate persons. Sweetens
a sour, bilious stomach very quickly and
stops headache. Sold everywhere.Come tomorrow and make big
